State Provides \$450,000 Fund To Finish Job

Governor Signs Appropriation Bill Passed By Legislature

MUST RELOCATE SOME HIGHWAYS

Work At Pymatuning Dam Can Now Proceed To Entire Completion

(International News Service)
HARRISBURG, April 25.—Completion of Pymatuning dam was assured today by Gov. Gifford Pinchot's signature on the Stevenson bill appropriating \$450,000 for the work.

The money is appropriated to the Department of Forest and Waters. The bill was introduced by Rep. Hugh M. Stevenson, Mercer.

The original sum of \$500,000 for the construction, the only state building project recommended by Governor Pinchot for the next biennium, was cut \$50,000 by the appropriations committee. It supplements \$1,500,000 appropriated for the work in 1931.

With the exception of minor finishing touches, the only major work to be done on the Pymatuning dam is the relocation of highways and of the Pennsylvania railroad tracks. A highway will be constructed across the broad works of the dam and certain other highways will be relocated. The Espsyville-Andover highway is now under construction by the Bates and Rogers Company. The \$450,000 appropriation signed by Governor Pinchot provides for all the remaining work to be done.

PA NEWC OBSERVES

Two new detours in western Pennsylvania are noted in the detour bulletin issued this week by the Pennsylvania Highway Department. One is on route 488, between Ellwood City and Pleasant Hill, seven miles in length, three of which is earth. The detour is via Lillyville. This is in addition to the previous detour between Ellwood City and Wurttemberg, established previously. Another detour is on route 8 on the Butler-Pittsburgh road, between Etta and Northpark, Allegheny county. The detour is 10.5 miles in length.

Seek Agreement On Compensation Rates To Allow Relief Work

(International News Service)
HARRISBURG, April 25.—Officials of the State Emergency Relief Board, workmen's insurance fund, and the workmen's compensation and rating boards were to confer again this afternoon in an effort to reach some agreement for the revival of work relief as a means of aiding Pennsylvania's jobless.

Eric Biddle assistant director of the relief board, expressed confidence after a meeting yesterday that the conferees would agree on some method of getting around the dollar weekly premium rate recently adopted.

Results of this conference will be of vital importance to New Castle. Unless an agreement is reached whereby a compromise is affected

on the program of charging \$1 weekly for compensation insurance for every man given employment in the mayor's relief committee here, council has indicated that relief work will be halted at the end of this week.

Hundreds of New Castle men have been aided through the mayor's relief work program in the past three years, and it is hoped that a plan will be reached whereby the method can be continued.

Every city in the state that has been following the same plan of relief, is interested in the protest made to Harrisburg against the \$1 per week per man charge that has been imposed for compensation insurance, and it is believed that a more equitable rate will be arrived at which will allow relief work to be continued.

Japanese Troops Continue Pounding At Chinese Lines

By JOHN GOETTE
International News Service Staff Correspondent

PEIPING, April 25.—Japanese military airplanes bombed the American Methodist Mission at Shih-Hsia today as Japanese and Chinese forces in North China engaged in bitter hostilities.

Fate of the mission or its inmates could not immediately be learned. It is one of the oldest American missions in China.

The station was in charge of a native pastor during the bombing, which was described as unusually severe.

With the Japanese troops still pounding from the north, disaffected elements in the Peiping-Tientsin area continued efforts to overthrow the authority of the Nanking government here.

It was reported the rebel leaders were working in cooperation with Manchukuo agents, aided by the Japanese.

While the hostilities continued following gains made by the Chinese yesterday, Sir Miles Lampson, British minister carried forward efforts to end the fighting, advancing proposals for creation of neutral zones. Unless, as is believed improbable, these proposals are accepted, observers here anticipate the so-called "anti-Japanese-salvation army" will attempt conquest of the Peiping-Tientsin area, where many British and American interests are located.

Pinchot Handed New Bill Setting Up Convention

McClure Bill For Electing Fifteen Delegates At Large Approved By Solons

(International News Service)
HARRISBURG, April 25.—Gov. Gifford Pinchot today was handed another proposition whereby Pennsylvania may act in constitutional convention on proposed national prohibition repeal.

Both houses last night approved the conference report on the McClure bill, providing for the election of 15 delegates at large in November. They would meet in convention 28 days later.

The governor vetoed the original convention bill because it provided for both district delegates and delegates at large.

New Disputes Occur In Connection With State Control Measure

BILL REMAINS IN COMMITTEE

(International News Service)
HARRISBURG, April 25.—Senator John J. McClure's beer control bill lay in committee today, the clear sailing anticipated for it giving way to new disputes.

Ostensibly bearing the approval of the governor Gen. Edward Martin and the Vore organization, the bill was slated to appear on the floor last night and then come up for final action today.

In the house, the administration bill providing for a beer tax of \$1.24 per barrel appeared on the second reading calendar today and was scheduled for final action tomorrow.

The resolution of Rep. Ben Jones, Luzerne, proposing a similar tax on all beer brewed and sold since April 7 was sent to the house ways and means committee by a vote of 89 to 82.

Rep. B. B. Shugarts, Clearfield, offered a resolution which would have the legislature go on record as opposed to the sale of beer in grocery stores. No action was taken.

Club Elects York Spokesman At Luncheon Today; Make Other Plans

When the local Lions club met for a business meeting this afternoon, W. O. "Red" Williams was elected as delegate to the Lions' state convention at York, Pa., on June 8 and 9.

The club made preliminary plans for a Memorial Day program which it will hold for Lawrence county's G. A. R. veterans on June 6, the week following the official holiday. During that same week the club will join with the Ladies of the Lions for a Ladies' Night party.

Investigation of the possibility of the local library taking over the present post office when the new federal structure is completed, was reported by J. A. McNeill of the club's activities committee. The investigation is to continue.

Albanese Slightly Improved, Report

Dominick Albanese of West Pittsburgh who attempted to kill himself by shooting Saturday night is slightly improved in the New Castle hospital it was reported today, and it is said he has a chance to recover. Albanese had been ill for several years and in a despondent mood fired two bullets through his side. He was hurried to the hospital after his rash act which occurred about seven p. m. Saturday.

Post Office At Enon Valley Is Again Robbed

Thieves Break Into Safe During Night And Secure Stamps And Money

OFFICERS SEEKING CLUES ON ROBBERY

Post Office Was Broken Into Before; Believe Same Thieves Repeat Job

For the second time within a month, the Enon Valley post office was burglarized Monday night and approximately \$25 in cash and \$100 worth of stamps taken. Entrance to the post office was gained through a rear door and the handle of the safe knocked off. The thieves then jimmied the safe door open and cleaned out the contents.

The robbery is assumed to have taken place sometime after midnight. Postmaster R. G. Best locked up the building at seven o'clock Monday night and left. This morning when he entered he found the safe door open and the money and stamps gone.

State Police Answer

Word was telephoned immediately to the State Police at New Castle. Private Henchek and another officer answered the call. County Detective H. M. Lee also answered the call and at noon were still working in Enon Valley.

Robbing the post office in Enon Valley seems to have become a habit. In the past several years it has been cracked several times and officers are beginning to believe that the jobs may be the work of some one familiar with the district. No trace of the thieves was left. They entered, cracked the safe and left without leaving any clues as to who they might be. Because of the proximity of Enon Valley to the Ohio line and the Beaver Valley it is a simple matter for yeggs to get in and get out.

BOY IS MISSING FROM HIS HOME

Police authorities have been asked to assist in an effort to locate John Zuk, aged 14, of 503 Electric street, who left home Monday morning for school, but never arrived there, and has not returned to his home. He is described as being five feet six inches in height, 112 pounds in weight, and wearing a tan sweater, and striped suit with long trousers.

Sixteen Weeks Of Storm And Strife Brings Relief Ship To Clearer Water

International News Service Staff Correspondent

By ROBERT F. GORMAN
HARRISBURG, April 25.—Out of 16 weeks of storm and strife in Pennsylvania's legislative halls today grew a compromise between Gov. Gifford Pinchot and leaders on a potential \$90,000,000 relief program to care for the unemployed and poor. The compromise was as strange as it was sudden. It is based principally on beer taxation and a formal interpretation of the recently enacted Einstein bill.

Will Match Sums

Because \$7,000,000 has been appropriated for April and May, the relief program for the next biennium represents an outlay of \$38,000,000. Twenty millions of this hinge on the approval of a \$25,000,000 bond issue by the voters at the November elections. If this is carried (Continued On Page Two)

Says Britain Making No Provision To Pay June Debt Instalment

By HARRY K. REYNOLDS
International News Service Staff Correspondent

LONDON, April 25.—Great Britain is making no provision for payment of the next installment on the foreign debt due to the United States in June, Chancellor of the Exchequer Neville Chamberlain told the House of Commons in his budget address today.

In presenting his budget, Chamberlain announced at the same time that Great Britain is not counting on any revenue from her own debtors during the present fiscal year.

At the outset of his address, Chamberlain told the House that only the necessity of paying the United States the foreign debt instalment which fell due last December 15 prevented Britain finishing 1932 with a negligible budget deficit.

"The result of the financial year achieved in the teeth of strain," Chamberlain said, "affords us more solid satisfaction than surpluses in more prosperous times."

"The deficit was 32,000,000 pounds sterling (approximately \$123,000,000), which will be met by borrowing."

"But for the payment to the United States, the deficit would have been only 3,300,000 pounds (approximately \$12,750,000). Excluded (Continued On Page Two)

Start Hearings On 30-Hour Week Secretary Of Labor Says President Is Favorable To Project

MINIMUM WAGE IDEA IS STRESSED

(International News Service)
WASHINGTON, April 25.—President Roosevelt is friendly to the Black 30 hour week bill but it is not an administration measure, Secretary of Labor Frances Perkins told the House Labor committee today.

The question was asked by Rep. Elley (D) of Mississippi, as Mrs. Franklin D. Roosevelt, wife of the president, and Miss Isabel MacDonald, daughter of the British Prime Minister, listened attentively.

Frances Perkins, secretary of labor, who proposed expansion of the 30 hour week bill to include a national minimum wage and limitation of industrial production was the witness Mrs. Roosevelt and Miss MacDonald came to hear.

With Mrs. Roosevelt was also Miss Mary Dewson of the Democratic national committee staff, a guest.

The hearing opened with a flare not unlike a celebration show. Kleig lights glared, cameras snapped and people rushed to shake Mrs. Roosevelt's hand. The House caucus room was chosen for the hearing because it seats several hundred people. Secretary Perkins, who submitted (Continued On Page Two)

WASHINGTON, April 25.—Having laid a foundation for Anglo-American accord at the forthcoming world economic conference, President Roosevelt turned today to the more difficult phase of his international undertaking—that of allaying French suspicions and persuading them to go along in a spirit of co-operation.

No hard-and-fast agreements were reached between the president and prime minister MacDonald, but both expressed their "deep satisfaction" over the results of their discussions touching on world price levels, Central Bank policies, monetary standards, exchange restrictions, improvement of the status of silver and other subjects relating to world trade.

Helen Vasko To Be Operated On

Parent's Finally Surrender Child To Physicians For Operation On Eye

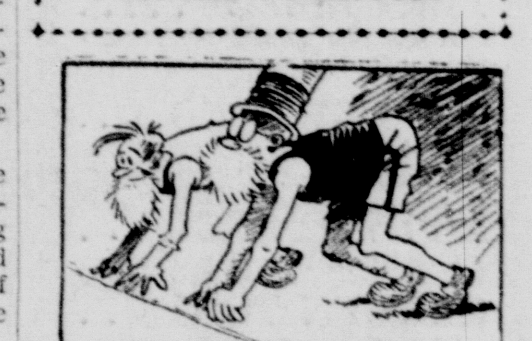

HER LIFE WILL NOW BE SAVED

(International News Service)
HASTINGS-ON-HUDSON, N. Y. April 25.—Baby Helen Vasko will be given her chance to live.

After weeks of uncertainty, during which her parents, Mr. and Mrs. John Vasko, stood out uncompromisingly against all medical advice to have an operation performed on little Helen's left eye which is affected by a cancerous tumor, the child finally was surrendered to the custody of the Westchester county children's court last night as the first step toward having the operation performed.

Immediately after the child was surrendered to the authorities she was rushed to St. John's hospital at Yonkers for preliminary care. It was believed she would be transferred to the Grasslands hospital, Yonkers, today, and that the operation would be performed there—possibly today. All the physicians who have examined Helen's eye have emphasized haste is necessary if the child's life is to be spared.

CHICAGO SCHOOL TEACHERS DEMAND PAY

Demonstrations Staged At Banks

Legislative Action Is Demanded So That Teachers Can Be Paid

TEACHERS MASS AT OFFICE OF MAYOR

(Chicago News Service)
CHICAGO, April 25.—In the wake of mass demonstrations by payless school teachers Gov. Henry Horner and Mayor E. J. Kelly today submitted to State Legislative leaders their program for the financial salvation of Chicago's government.

Accompanying their plan to force immediate tax collection was a warning from Melvin A. Traylor, president of the First National Bank, that "unless people pay their taxes this government is going to break down."

Urge Action
Three bills will be urged upon the Illinois legislature for immediate passage. The measures, aimed at forcing payment of back taxes totalling \$250,000,000, were agreed upon at a conference of teachers, bankers and state, county and city officials late yesterday in the office of Mayor Kelly while 500 demonstrating teachers boomed and shouted in the corridor.

Gov. Horner attempted to address the demonstrators, but was heckled and went into silence.

Plan New Demonstration
Banking leaders assured the officials that enough tax warrants can be sold to pay the teachers for tomorrow to be held at the principal banks. Leaders instructed them "to bring lunches and camp stools."

Five thousand teachers divided into groups and marched on the five principal downtown banks yesterday, halting business temporarily at three of the institutions and jamming the sidewalks in front of all of them.

ROOSEVELT AND HERRIOT TALKING OVER PROBLEMS

(Continued From Page One)

both Mr. Roosevelt and Mr. MacDonald recognized that if their ideas are to be translated into action the cooperation of other nations—notably France—must be obtained.

Consequently, with the Anglo-American discussions virtually concluded, President Roosevelt lost no time in turning to Mr. Herriot, the French envoy. He was at the White House until midnight, getting from Mr. Roosevelt at first hand the conclusions arrived at in principal with Mr. MacDonald.

Upon leaving, Mr. Herriot told inquiries:

"The president laid before me a complete and precise program, including everything—armaments, war debts, gold, everything. I am well

pleased with the beginning of our conversations."

Apparently, Mr. Roosevelt has succeeded in convincing his foreign visitors that the debts, as such, constitute but a relatively small part of the general economic picture, and that the trouble—some problems of currency stabilization, trade restrictions and tariffs—are disposed of the debts will take care of themselves.

Pay Debt At Saving
With the dollar nose-diving in the world's exchanges, it was pointed out the debtors can now make their June 15 payments at a discount of some 15 per cent, and a considerable part of it can be paid in silver, at that, under legislation pending and certain to pass in Congress.

Officials of all governments were eloquently silent about whether the June 15 payments will be made but the belief prevailed strongly that they will be—at that, in addition, France will "cure" her default of last December.

Hence, for the time being at least, it appeared the troublesome question of the debts is being kept in the background.

Today's program found the American and French experts meeting at the state department, and Mr. MacDonald and Mr. Herriot attending a luncheon conference with Secretary of State Hull.

Tonight, both the British prime minister and the French envoy will dine informally with President Roosevelt at the White House, later meeting the foreign affairs committees of Congress. Mr. MacDonald will leave tomorrow to sail for home and simultaneously with his departure, Richard B. Bennett, the Canadian premier, moves to the White House for several days stay and to continue his conversations with the president concerning Canadian-American trade relations.

New Alliance On Currency

Ratio Of 25-1 For Remonetization Of Silver May Be Agreed Upon

GOLD REDUCTION WOULD BE HALTED

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, April 25.—A new alliance between conservative Republicans and Democratic silverites was being organized in the senate today to write into the administration's currency inflation program a proposal for remonetization of silver at a ratio of 25 to 1 against gold.

The remonetization provision would be offered as a substitute for the gold section of the bill. If adopted, it would wipe out the provision giving President Roosevelt the discretionary power to reduce the gold content of the dollar.

The counter plan would be mandatory. It would direct the president to coin silver at a fixed ratio of 25 to 1 against gold. This would be higher than the 16 to 1 ratio, defeated in the senate a week ago, but it would be far more acceptable to silverites than the existing 80 to 1 level held by silver as a commodity. It would nearly triple the value of silver.

The alliance may smash upon the ratio. Conservative Republicans were opposed to the 16 to 1 ratio or even a 20 to 1 ratio. They merely regarded the remonetization of silver at 25 to 1 as the price they were willing to pay to eliminate the gold section from the bill.

"I haven't approved the substitute plan as yet," said Senator Reed (R) of Pennsylvania, a leader in the coalition movement. "I feel that this bill is so desperately bad, I am willing to take almost anything as a substitute. We must preserve the gold dollar. Only disaster awaits a rubber dollar."

red, federal authorities will match the state appropriations. "The Einstein bill was intended to exempt interest-bearing bank accounts from the four-mill personal property tax. Revenue On Beer
Collection of this by the state is estimated to bring in a revenue of \$8,000,000. A beer tax of \$124 per barrel will return \$10,000,000 and \$3,000,000 is expected to result from economies of the Sterling finance committee. The remaining \$5,000,000 will be taken from the bond issue.

To prevent any shortage in the general fund in the event the bond issue fails, a \$5,000,000 rider will be attached to the horizontal appropriation measures, which are being recalled from the governor to be placed in an omnibus bill.

The agreement represent a surrender of Governor Pinchot and the Republican organization from the stands they have maintained throughout the session. The governor agreed to discontinue his proposals that the state department of revenue collect inheritance, mercantile, and personal property taxes. The organization abandoned the Waters plan of raising relief money by transferring money from special funds to the general fund.

As a result of the compromise, the legislature can dispense finally with relief late this week. The \$13,000,000 Scott bill, on final passage in the house, will be increased to \$18,000,000 and another Scott bill, making \$20,000,000 from the bond issue available for relief purposes, will be pushed through that body. Both have passed the senate.

Withdraw Protests Against Granting License To White

Ira E. White, Princeton, Seeks Permit To Haul Freight In Three Counties

(International News Service)

PITTSBURGH, April 25.—Stipulations restricting the services to be rendered by Ira E. White, of Princeton, Slippery Rock township, Lawrence county, were entered in proceedings before Public Service Commission Examiner Garfield J. Phillips here today by counsel for three protestors.

The formal protests were withdrawn by agreement. They had been entered by the Harmony Short Line Motor Transportation Company, the Pennsylvania Railroad Company, and Henry J. Goss, New Castle milk trucker.

White's application for a certificate of public convenience asked that he be allowed to transport freight and merchandise between Slippery Rock, Scott, Shenango, Hickory, Perry, and Wayne townships, in Lawrence county, and Worth, Muddy Creek, Franklin, and Lancaster townships, in Butler county and other points in Pennsylvania. He had also asked permission to transport the same class of freight between the townships. These folders were protested.

In a third folder, White asked that he be allowed to carry farm products between the Lawrence county townships and Pittsburgh. This application was not protested. Under the stipulations agreed upon, White will be confined to transportation of freight and merchandise from Slippery Rock township in a 25 mile radius of Princeton.

Witnesses for the applicant pointed out that only one railroad, the Western Allegheny serves the territory in which White intends to operate and that this does not serve the needs of the section because it operates only through the northern section of the townships.

Huge Eggs Laid On Local Farm

The farm of Oran Brandon has become quite popular lately as friends and neighbors in Slippery Rock Township continue to visit the place in an effort to find out how his New Hampshire red hen manages to lay huge eggs that it does.

Mr. Brandon displayed an egg at The News office this morning that attracted much attention. It was 6 1/2 inches in circumference, one way and 8 inches in circumference around the tips of the egg; and weighed exactly a quarter of a pound.

The wonder of this is that Mr. Brandon has a number of these New Hampshire red hens which lay about 20 similar eggs a week. Mr. Brandon's address is Slippery Rock, R. D. No. 2.

(Editors Note: The relation of British pounds sterling to American dollars is figured on the prevailing average of \$3.85 to the pound.) The announcement by Chamberlain, an ardent advocate of debt cancellation, that no provision is being made for payment or receipt of foreign debts, was obviously made in view of the forthcoming world economic conference, at which numerous debtor nations hope to achieve drastic modification of existing debt schedules.

Chamberlain, however, in making a similar announcement in presenting his budget last year, but when the time for the December 15 payment to the United States drew near, presented a supplementary estimate to meet the instalment out of the exchange equalization fund and other British holdings on deposit in the United States.

Before a packed house and with all members of the cabinet except Prime Minister MacDonald in attendance, Chamberlain estimated expenditures for the coming year at 697,480,000 pounds (approximately \$2,685,298,000).

scendant of the Lindleys, who settled in this country in 1638. He had been a ruling elder of the Presbyterian church at Prosperity, Washington county for forty-five years, being most active in the affairs of that church all his life.

He leaves a widow and the following sons: Guy Lindley of Prosperity, Washington County, Pa., Dr. D. C. Lindley of this city, Attorney R. H. Lindley of Pittsburgh and Commander L. L. Lindley of the United States Navy, who is stationed in California. The funeral arrangements have not yet been completed.

Mrs. Kennedy Funeral.

Funeral services for Mrs. Agnes Douds Kennedy were held Monday afternoon from the home, 211 Leasure avenue, with Dr. C. K. McGeorge, pastor of the Second United Presbyterian church, officiating.

Interment was made in Oak Park cemetery; pallbearers were Frank C. Douds, Louis H. Gordon, Daniel Kennedy, William C. Kennedy, Frank L. Runkle and Oliver J. Shannon.

Saracens Change Organization Name

Young People Plan On Aiding In Work Of Retaining The Eighteenth Amendment

The bi-weekly meeting of the Saracens was held Monday evening in the Second United Presbyterian church and the group of young people changed the name of the organization to "Keystone Patriots". Plans were made for a dramatic presentation by the young people at the Lawrence County Sabbath school convention in the First Methodist church on June 8.

Miss Alice Grimes and John Rubie were named to act with the county committee in the organization working for the retention of the eighteenth amendment.

The report of the banquet last week was given by Phyllis Cunningham.

The May 8 meeting of the group will be in the Central Presbyterian church at 8 o'clock.

Decision Sustains Judge Hildebrand

Judge R. L. Hildebrand was affirmed by the supreme court yesterday in the case of Jack Richard Smith, by his father, Michael Smith, against the Ellwood City Ice Company. This was a suit brought to recover damages for injuries. Judgment of non pros was granted in favor of the defendant and an appeal was taken by the plaintiff. The supreme court decision sustains Judge Hildebrand's decision.

Rail League Group Hears Graves' Talk

Erie Railroad Superintendent Discusses 'Transportation' Last Night

An audience of railroad employees and officials and townspeople whose interest in rail matters is not merely a passing one heard J. W. Graves, superintendent of the Mahoning

division of the Erie railroad, urge that the government pass legislation which will properly regulate all transportation agencies.

Graves was speaking before the New Castle Railroaders' and Citizens' league at the Pennsylvania railroad assembly hall, over the Pennsy's warehouse here. He spoke on transportation generally.

President J. H. McIlvenny introduced the Youngstown railroad man to the audience and also presented a number of outside guests who were in attendance.

Correct this sentence: "All I ask of my bride," said the man, "Is a past as virtuous as my own."

RAINBOW GIRLS MAKE SPRING FROLIC PLANS

New Castle Assembly No. 1 Order of Rainbow for Girls having almost completed plans for their annual dance to be given on May 5 in the ballroom of the Cathedral, are issuing invitations as the event is strictly invitational.

This marks their annual dance and from all indications the occasion will be one far more colorful than ever held under the auspices of the order.

There will be many novel and attractive features, special numbers not to mention an hour more of dancing than is customary. Members of the Advisory Board will chaperone the party. Miss Lucella McBride is general chairman.

Newlyweds Honored

Mr. and Mrs. Tony George entertained friends Sunday afternoon honoring Mr. and Mrs. Balse Bounpane married on Thursday. The latter who will be remembered as Josephine George.

Music and informal diversions were enjoyed and lunch was served by the hostess assisted by her daughter Grace. Those in attendance included Mr. and Mrs. Patsy Audino, Mr. and Mrs. Ralph Audino, and family, Mr. and Mrs. Frank Musleno, and family, Mrs. Clara Ross and family, Mrs. Joseph Audino and family, Frank Frasso, Sam Cotelesse, Edith Cotelesse, Louise Audino, Anthony Audino of New Castle and Pat Audino, of Youngstown, O.

A number of gifts were presented the couple at an appropriate time in remembrance of the occasion.

Club Plans Banquet

The Sicilian Girls Club members have plans in progress for a "Mother-Daughter" banquet to be held in the very near future. Activities were discussed at their last meeting held April 20 in the home of Carrie Sanfilippo on Oak street when she entertained informally with cards, music and chat.

The date of their next regular session falls on May 4 with Petrina Tomassello on East Washington St. as hostess.

Aid-A-Gi Club

The Aid-A-Gi club had its weekly meeting at the home of Miss Harriet Wolfe Monday and the time was spent in sewing for the Margaret Henry home.

Miss Rose Solomon and Geraldine Wolfe were guests.

Lovely refreshments were served by the hostess, assisted by her mother.

THE READING CIRCLE ELECTS NEW OFFICERS

Mrs. B. M. Rodgers of Carlisle St. received members of The Reading Circle in her home Monday afternoon for their regular session. Routine work was carried out and during business transactions election of officers for the new club year was held with the following results: president, Mrs. Laura Parker; first vice, Mrs. Fred Smith; second vice, Mrs. W. W. Sniff; secretary, Mrs. Harold Harlan; assistant secretary and treasurer, Mrs. William Mayberry; treasurer, Mrs. A. M. Barnett; scholarship, Mrs. Oscar Sheaffer.

Mrs. Parker reported on the party plans formulated for the blind to be held in the Y. W. C. A. May 6.

Chairman of committees were appointed: decorations, Mrs. William Mayberry; invitation, Mrs. Norman Ehrlich; reception, Miss Edith Moore; place cards, Mrs. William J. Caldwell; cook, Mrs. William J. Caldwell; extras, Mrs. George Morris.

The program was then presented, the subject being "The Immigrant." Mrs. J. J. Davies gave an article on "Immigration Laws in the United States," and another interesting paper on "The Influence of Immigration upon Our Republic" was given by Mrs. W. W. Sniff.

In two weeks Mrs. Oscar Sheaffer 1507 Albert street will have members in her home.

LOCAL MUSIC CLUB WILL GO TO BUTLER

In return for the program presented by the Butler Music Club in New Castle last October, members of the local Music Club will journey to Butler this evening to give a program of vocal, piano, violin and ensemble selections.

Many out of town guests were present, included Mrs. Anna Paul, associate grand conductress of Pittsburgh.

Girls Club members will meet in a gym Wednesday morning at the Jameson Memorial Hospital and continue with the sewing of garments to be used in the institution. A cordial invitation is extended to those desiring to assist to be present on this date.

The hours from 9 until 12 o'clock will be observed and a large turnout is expected to participate.

WEST SIDE GARDEN CLUB IS ORGANIZED

Most active are our local Garden Club members, already organized in the East Side Garden Club. The women have turned their attention to the West Side ladies and assisted in organizing a club for them.

Mrs. W. C. Eckenrode and Mrs. William Howley met with a group of these women Tuesday in the West Side school house, and found much enthusiasm regarding such an organization.

Officers were elected as follows: president, Mrs. Paul Allen; first vice, Mrs. Chauncy Davis; second vice, Mrs. George Glass; recording secretary, Mrs. Walter Hemphill; corresponding secretary, Mrs. John Hites; treasurer, Mrs. Carl Holmes and member at large Mrs. Carl Sweet.

The club will meet once a month, the first get-together to take place May 10, with Mrs. Paul Allen, West Washington street extension.

CHAPTER 105 HAS PARTY FOR MEMBERS

Twenty five tables of bridge and five hundred were in play Monday evening when New Castle Chapter 105, Order of the Eastern Star, entertained its members and a number of guests at cards when the business of the evening was over.

Tom McCombs and Mrs. Harry Pearce won the bridge prizes when play was concluded, and the five hundred awards went to Mrs. Anna Davies and Mrs. D. D. Potter.

After cards the members were served refreshments at long tables arranged in the west dining room of the cathedral.

Many out of town guests were present, included Mrs. Anna Paul, associate grand conductress of Pittsburgh.

GIRLS CLUB TO SEW AT JAMESON HOSPITAL

The Girls Club members will meet in a gym Wednesday morning at the Jameson Memorial Hospital and continue with the sewing of garments to be used in the institution. A cordial invitation is extended to those desiring to assist to be present on this date.

The hours from 9 until 12 o'clock will be observed and a large turnout is expected to participate.

ROTARY MINSTRELS WILL BE FEATURE

Members of the New Castle Field Club are looking forward with great anticipation to the opening stunt night for the 1933 season on Wednesday evening of this week.

Albert B. Street, general chairman of the social committee has appointed Mr. and Mrs. William S. Wheeler as chairman of the stunt night committee and they in turn have contracted for the appearance of "Rotary's Rollicking Revelers" in a side splitting minstrel beginning at 8:15 o'clock.

The troupe is composed of fifteen members of the New Castle Rotary Club working under the management of Ralph W. Bolinger with Mrs. B. H. Kannenberg as accompanist, arranged as follows: end men, Baldwin H. Kannenberg, DeLace Cole, Rex Patch, Louis A. Pearsall, Ray F. Hall and Frank J. McLaughlin.

Circle men, Howard B. Richards, S. Houston Rhodes, John B. Offutt, Louis B. Round, Francis E. Sowers, Dr. R. C. Lutz, Harold R. McCulloch and Albert B. Street; Interlocutor, C. W. Herman Hess.

Interspersed in the program will be solo numbers by B. H. Kannenberg, DeLace Cole, Rex Patch, Louis A. Pearsall and a duo act by Frank J. McLaughlin and Ray F. Hall. Also a number by the Rollicking quartet and ballads by Howard B. Richards, Louis B. Round and C. W. Herman Hess as well as a number of choruses.

This stunt night party is open to all of the Field Club members, their families and out of town guests without any charge.

Following the minstrel show Mr. and Mrs. Wheeler have arranged for an informal period of cards for those who may desire to tarry a while longer.

MRS. McCASLIN'S CLASS HAS FAREWELL PARTY

Mrs. W. Scott McCaslin class of the First U. P. church gathered in the home of Mrs. Fred Taylor and Miss Kathryn Waldinger, sisters, on Fairmount avenue Monday evening and tendered them a farewell party. They will leave soon for Pittsburgh to take up their new residence.

The occasion proved a complete surprise and was carried out beautifully. The hours were spent in formally and novel readings were given by Miss Marian Hughes as an added feature. When the evening was at its height the honored guests were showered with a number of dainty handkerchiefs in esteem of the affection they are held by their class associates.

Lunch was served by the Misses Rebecca Loudon, Agnes Keane and Marian Hughes, committee in charge.

Special guests present who shared the entertainment included Mrs. Stanley and Mrs. Waldinger, the latter mother of the guests of honor.

THE CONVERSATIONS AT WASHINGTON

AGREEMENT in principle is a convenient phrase. If such an agreement has been reached between the president and the British prime minister a long step towards the success of the forthcoming World Economic Conference has been taken. Whether the managed inflation which the administration seeks—and will probably get—from congress will prove to be the easiest solution of a difficult problem only the result will determine. In his address to the National Press Club at Washington Mr. MacDonald explained the different conditions under which Great Britain and the United States have gone off the gold standard. That the position of both countries have been altered in consequence is clear. But he rightly deplored the talk of retaliation.

It may fairly be taken for granted that the president, in requesting additional extraordinary powers, had no such end in view. His main purpose was to be unhampered in his dealings with the representatives of other nations. There is no reason to impute to him any desire for a rashly inflated currency reflects the Philadelphia Inquirer. He rather seeks an inflation of credit as a cure for the depression. He wishes to have full authority for negotiations looking to the stabilization of all currencies, which is obviously one condition of the restoration of world economic order. That he could do nothing worth while with a congress heckling him at every step must be admitted. He must speak with the voice of the nation if the negotiations are to be fruitful.

The obstacles to a common policy on the part of Great Britain and the United States are not insuperable. The determination of France to adhere to the gold standard will undoubtedly raise many points of discussion. Apparently the conversation between the president and M. Herriot will hinge largely upon this point. But France is as eager as any other power to have the conference meet promptly under conditions that make for success. Nor should it be forgotten that the representatives of other nations who are coming to Washington should be brought into line if possible. No one can yet say what their position will be.

Premature conclusions would hinder rather than help Mr. Roosevelt in the stupendous task he has undertaken. Only the event will justify the boldness of his course.

THE MACON'S MAIDEN FLIGHT

Glistening in the sun, the gigantic U. S. S. Macon, sister ship of the ill-fated Akron, has completed her first test flight with apparent success.

Rear Admiral George Day, chief of the Naval Board of Inspection, stated after the flight that the 13-hour trip had been generally satisfactory, while Dr. Karl Arstein, chief designer, was more enthusiastic, as might be expected. He said:

"The maiden flight of the Macon was a complete success."
All of this is very well. The nation will be pleased to learn that the great dirigible has proved itself airworthy on its initial voyage into the skies.

But it will not forget, at the same time, that 67 members of the Akron's crew are still lost in the great Atlantic, that a "great gust of wind" or some other cause sent the Macon's "twin" crashing into the sea on a stormy night not many weeks ago.

The nation will want to know the full results of the official investigation into this tragedy before it is willing to accept the Macon and the great expense that necessarily goes with its construction.

The nation will also want to know whether any of the dirigibles have proved their worth and value as either peacetime or wartime airships; it will seek to learn what good one of these vast lighter-than-air creations would be if a fleet of fast army or navy planes were to attack it.

Yes, the people of the nation will want to know these and many other facts before it accepts the Macon as an addition to the Navy of really essential value.

For the people of the nation have been shocked upon several occasions by accidents to ships such as the Macon; it has scarcely recovered its equilibrium from the tragic disaster that sent the Akron to a watery resting place, carry Rear Admiral William A. Moffett and 72 officers and men to their death.

The Macon will have to do more than merely complete one or more successful test flights before its construction and expense is fully justified.

HIGH COURAGE IN THE WHEAT BELT

The strain of pioneer stock is strong in the people of Kansas. It traces back to the days of the covered wagon and the sod house, to many and burdensome hardships encountered in transforming the prairies into productive farms. That strain has been serviceable and has been strengthened through periodical suffering. It withstood the grasshopper scourge and destructive droughts. It gave courage and resourcefulness to the farmers of the wheat belt in the "bad years."

The wheat belt has another bad year, the second in succession. Much of the wheat that has survived the severe drought has been swept away by terrific winds. But the old spirit prevails. The wheat farmers are adjusting themselves with characteristic philosophy and adaptability. By degrees they have revealed capacity to learn from their adversities. Not only will they plant other crops, mostly forage, on much of the wheat area, but they will make first-hand use of these crops in feeding more cattle, in extending their dairying activities, in the raising of poultry. Even in the wheat belt, where there has been unusual inclination to depend on the single crop, it has been found that considerable diversity can be employed to advantage. In the irrigated sections, beets are grown extensively, and even if made into sugar instead of being used as feed, the beet pulp affords a nourishing feed product.

The farmers of Western Kansas are working out their immediate problems. They are doing it with courage and confidence. They are not the striking kind. They are self-reliant and know how to fight their battles.—The Kansas City Times.

DON'T GIVE UP!
Certainly you should make plans for the future and in order to do so, intelligently, you must give considerable thought to it.

In so doing remember it is the future which should concern you most.

And with that in mind, think hardest on the present.

It is going to require much thought to even "weather through."

For that reason, don't give up hope for the present and near future to the extent that you only think of what you will do when times are better.

Your thinking apparatus is your valuable possession.

In it rests your only hope of getting out of your present trying position of constant struggle.

If you throw up your hands with the conviction that there is no use in making further effort you are lost.

It may be most difficult for you to be hopeful and optimistic and keep faith in your own ability but it is necessary that you should do so.

When you lose confidence in yourself, there is no hope for you.

It is probably true that never in your life have you experienced such a demand upon your resourcefulness, self-reliance and ingenuity, as at present.

But don't give up—don't fail yourself, either now or later.

When business goes bad, it seems that everybody to whom you talk has turned pessimist. So much so, that the very air is charged with pessimism. At such times, bad as things may be, it is refreshing to run into an optimist. Even now it would be fine if we had old Hank Thompson with us. Hank lived at the time of, and through the Johnson flood. His little farm, barnyard and orchard yielded just about enough to feed him, but withal, Hank was never downcast. When the flood came rushing down his way, it was not long before it filled the rooms of his little shack, whereupon Hank climbed to the roof,

There he sat astride the top, his back against the chimney, smoking his pipe in apparent contentment, when Dave Jackson, one of his neighbors, pulled alongside in a rowboat. "Hi there, Hank!" he called, "how be yeh?" Hank withdrew his pipe and spat out into the water. "Not so bad, considerin'," he answered. Dave was having some difficulty in holding the boat against the rushing water. "All my fowl's been washed away," he complained gloomily, "how about yours?" "Mine too," returned Hank, "but they wasn't much 'an' the ducks kin swim." Dave took up his oars. "I see the water's up past your winders already," he called as he started to pull away. "Oh well," said Hank settling himself more comfortably against the chimney, "them winders needed washin' anyhow."

Public Expects Postal Rate Cut As Revenue Producer

Charge Of Three Cents Has Failed To Produce Results, It Is Declared, While Local Drop Letters Especially Have Fallen Off

Restoration of two-cent postage, it is indicated in comments, is expected by those who have given attention to government financing. The three-cent charge has been an admitted failure as a means of raising revenues, and business houses have employed substitute methods for the old practice of using local drop letters. The view prevails that both users of the mails and the government would gain by a return to the old rate.

"We believe that, upon consideration of the problem, Postmaster General Farley will be persuaded that lower postage rates generally will increase rather than decrease revenues, since they will stimulate the use of the mails," says the BALTIMORE EVENING SUN. The SAN FRANCISCO CHRONICLE declares: "The postoffice is not the only place where this has been the experience. In many instances it has been found that decrease of sales volume outweighs increases in rates. With cigarettes, for example, it has been found that attempts to put a State levy on top of the Government tax has merely reduced the Government returns and has disappointed the States."

"The three-cent rate has not proved popular," declares the CLEVELAND NEWS. "It hasn't increased revenue as was expected, it hasn't wiped out the postal deficit, and hasn't put more money to work. It is particularly excessive in the case of drop letters, delivered in the city where mailed, and it is doubtful if it is warranted for any type of postal service. Put the rate back at two cents. The country will make greater use of the mails when that is done."

"The proposed change," remarks the BOSTON TRANSCRIPT, "may be confined to 'drop' or local letters, which it is feasible for commercial houses, utility concerns, and advertisers to distribute through their own messengers. A report shows a loss of some \$75,000,000 in revenue through the ill-advised attempt to burden the people with an expense which they could see a way to avoid. Back-tracking on three-cent postage, even in a limited way, will offer the double advantage of providing more revenue for the Government, and at the same time adding materially to the personal convenience of our citizens."

"The law of diminishing returns has been very clearly demonstrated in respect to the three-cent rate on first-class mail," asserts the CONNELLSVILLE DAILY COURIER, with the suggestion as to the probable result of the restoration of the old rate: "It is certain to be popular and there is little expectation that the plan will be opposed. A return of the two-cent stamp will be hailed as welcome by post office patrons and the probabilities are that the revenues will shortly thereafter show a decided increase. It may, however, take some time for the people to get away from the habit they have formed in effecting economy in postage costs, but the convenience the stamp affords as against other methods, will appeal to the average sender of mail and they will in due season return to the more general use of two-cent stamps."

"The change to two-cent postage for letters posted and delivered within cities," comments the OSHKOSH DAILY NORTHWESTERN, "will help materially to increase postoffice department revenues, we believe, and it is not unreasonable to forecast that if this concession to letter writers proves a wise move the ultimate outcome will be to also restore the lower rate of postage on all sealed-letter mail. It is certain that considerable business will come back if drop mail is permitted to carry the two-cent postage instead of three, for under the higher rate commercial houses, manufacturing concerns, utility companies and advertisers in all classes worked out the feasible plan of distributing their letters through their own messengers or by other methods forced upon them in order to distribute mail matter at a lower cost than

through the medium of postoffice delivery."

Advantages to be derived from the reduced local postage are recognized by the HARTFORD DAILY TIMES, the PROVIDENCE BULLETIN, the LINCOLN STATE JOURNAL, the ESCANABA DAILY PRESS, and the MILWAUKEE SENTINEL. The NEW YORK SUN declares: "To restore the rate on local letter mail to two cents an ounce should recover for the Post Office Department a considerable portion of the business lost by the increase effective on July 6 last. That this loss of business has been primarily the result of the increase in the rate rather than a reflection of decreasing business activity has been the growing conviction of postal officials. In big towns and little ones the private messenger has delivered bills for public utility companies and other corporations that were formerly delivered by the mail carrier. Most of this business will be won back by restoring the old rate on letters for delivery in the postal district of origin."

"The government is not yet ready, apparently, to go back to two-cent letters generally," says the ROANOKE WORLD-NEWS, observing that the higher rate "had the result of driving a large amount of matter from the mails." The TEXARKANA GAZETTE suggests that it would be better to limit the franking privilege, and the FORT WORTH STAR-TELEGRAM offers the judgment: "The public needs a 2-cent letter postage rate. All in all and by a large it needs it more urgently than does the Postoffice Department. A reduction of one-third of the daily postage bill is an item worth the attention of all business establishments. One thousand letters a week at 3 cents represents the wages of an office boy if the stamps are reduced to 2 cents each. 500 more to the point, it represents 500 more letters in the United States mail. Personal mail is well known to increase with reduced rates."

The SAN ANTONIO EXPRESS joins in criticism of the franking privilege, and noting economy efforts in connection with the air mail, states: "The government is spending larger sums incomparably more 'wastefully' than the 19 million dollars voted for that branch."

McClure Says Governor Too
Busy Trying To Get Un-
der Roosevelt Tent

CHANGES PARTY
AFFILIATIONS

(International News Service)
HARRISBURG, April 25.—The administration bill for more rigid supervision of the public utilities would have been introduced sooner if Gov. Gifford Pinchot had not been so busy trying "to squeeze in under the Roosevelt tent" at Washington, in the opinion of Senator John J. McClure, Delaware.

On the floor of the senate last night McClure defended his own utility bill from the attacks made upon it by the governor and criticized the latter for delaying the administration measure until the legislature was about ready to adjourn.

Switches Around
"One of the greatest troubles with our governor," said Senator McClure, "is that he has an incurable Roosevelt complex. When Theodore was a Republican, Pinchot was a Bull-Moose; he was a bull-Moose when Franklin became a successful Democrat he wants to be a Democrat."

"To us in Pennsylvania, however, it looks as though, while Franklin might be willing, practical Farley has said nay, for apparently it has been concluded in Washington that if he cannot deliver here, he cannot there."

Scouters Meet Here, Elect New Officers

Smith To Be President Of
Model Adult Troop; Rally
At Croton

A large group of Boy Scout leaders met last night at the Croton M. E. church for their regular monthly "Headquarters Troop" meeting and a good deal of important business was transacted. John Wilson was host scoutmaster and put on a good program in demonstrating some new games during the latter part of the evening. Vice-president R. C. Lutz presided at the business session and the following matters were handled:

An invitation of Scoutmaster Irwin Ropp of New Bedford to the Leader's club for a winter roast on May 19, was accepted and the arrangements were made for the event. Leaders will bring their wives and sweethearts and their own wieners and rolls. Mr. Ropp will furnish the coffee. Other dates were set as follows:

The annual spring field meet and roundup for the north district troops for May 14.

A meeting of men interested in Cubbing will be held at the council on Tuesday evening, May 1, with C. A. Boien, cubbing committee chairman of the council in charge.

Consulting the camp dates and also school closings, troop hikes, etc. It was asked that the troop camping course be held on June 3 and 4 and that the annual camping jamboree be held there on June 16 and 17.

There was some discussion over the fact that early jamborees had brought the boys into quite cool weather for the equipment they had.

Court of honor and review boards were also discussed.

Dr. Lutz then reminded the club members that it was time for the annual election of officers and the results: Sidney Smith of V-15, president; E. D. Hawk of Troop 3, vice president; Harry Miles of Troop V-18, scribe. Dr. Lutz then briefly welcomed these men to their work and stated that their real installation would come at the next meeting, this being scheduled for Wednesday evening, May 10, at Camp Phillips.

On this occasion, Deputy Regional Executive Van DeBee may meet the leaders of the county and give them a message from regional and national headquarters.

Men attending this event will bring their own meals and cook or prepare them there. This will be a worthwhile affair and arrangements are being made for transportation for each city and county scout leader.

After the business meeting last night, Scoutmaster Wilson put on a number of games and events and the session closed at a late hour.

HI-Y SEASON ENDS
School Hi-Y clubs this week will bring to a close their second semester's meetings by gathering on their respective nights to elect officers for next semester.

The Senior Hi-Y and George Washington junior Hi-Y clubs met last night, while the Ben Franklin junior Hi-Y organization elects on Thursday night.

During the school semesters the clubs meet regularly every week. Informal get-togethers will occur periodically during the summer.

ROOF GAMES STARTED
For the first time this spring Y handball players ventured up to the roof top court for a game this morning. Games will now be played there by many of the players instead of on the gymnasium court.

The outdoor recreation court was erected three years ago to enable players to indulge in their favorite sport beneath the vigorous rays of the sun.

SPRING CARD PARTY
The spring card party given by the Square Circle, Italian business girls club on Friday evening April 21, in the 'Y' parlor proved to be a great success. Approximately eighty five guests enjoyed playing cards and jigsaw puzzles. A prize was given out to each table and the door prize was won by Mrs. James Campbell.

Refreshments were served later by a group of Friendship Circle girls. During the course of the evening, candy was served by Katherine Miscimarra.

Much of the success of the affair was due to the following committees: refreshments, Ida Cassachia, chairman, Mary Bulano, Florence Favorite, Carrie Sanfilippo, Rose Daino; general, Marie Tomasella, chairman, Viola Flala, Anna Burgo, and Elizabeth Luttier. Girls from the Friendship Circle were Juliann Luttier, Mary Rizzo, Mary Buccell, and Margaret Rusciotti.

PARTY TONIGHT
About 40 tables of bridge are expected to be in play this evening at the Y. W. C. A. Health Education Committee's card party. The tables will be arranged on the second floor of the building.

CLUB CHANGES DATE
George Washington Girl Reserves have changed the time of their Mothers-Daughters meeting from Friday to the afternoon of Thursday, May 4.

MRS. ECKLES SPEAKS
Mrs. Robert Eckles addressed the senior high school Girl Reserve club Monday night on the subject, "Friendship." Her talk was highly appreciated by the girls.

The club voted to have a group picture and write-up published in the June annual.

A cabinet dinner will be conducted Friday night at the "Y."

John Hays Hammond Gives His Opinion On Gold Standard

Noted Economist And Engineer, Says Going Off Standard Was Inevitable

Not Enough Gold In World To Satisfy Needs Of Great Industrial System

(Following is the first of two interviews with John Hays Hammond, world famous economist and mining engineer, on the causes behind going off the gold standard, and the probable effects.)

By TED SMITHS International News Service Staff Correspondent

PASADENA, Cal., April 24.—"The action of the United States in going off the gold standard was inevitable."

Such was the assertion today of John Hays Hammond, famous engineer and economist, and an authority on gold and silver.

"The reason for this great economic change is simple, there is not enough gold in one world to satisfy the needs of our great industrial system under present values," Hammond explained.

On Standard Basis

"At the same time I do not believe that the world can get along on a 'managed currency.' We have always had and need a metallic base, but gold is not sufficient to meet our needs. To bring back stability it is possible that some form of compromise may be adopted."

"This may not necessarily mean bi-metalism, but it will almost certainly mean placing silver again on a standard basis."

"Remonetization of silver on the parity existing between gold and silver for upwards of 20 centuries would very nearly double the metallic basis of currency now limited to gold."

"There seems little question but that France, too, will be forced to follow our lead, and before long the entire world will have cut loose from the present gold backing of its currency."

ing business here. The city received the money for the years 1928, 1929 and 1930. Approximately \$10,000 is still due for 1931 and 1932. It will be divided equally, as called for by state law, to the organizations, as soon as it is received.

The transfer from the city treasurer to the organizations will be made as soon as the heads of each of the organizations present to Solicitor White, a signed agreement accepting the money on a 50-50 basis.

The Paid Firemen's Beneficial association will use their money for pension purposes and the New Castle Firemen's Relief association for relief purposes. The latter is commonly known as the volunteer firemen.

It has been contended that there has been ample credit available for expanding industry. While this is true, conservative industrialists have not taken advantage of this condition realizing they were not justified in obtaining bank loans under prevailing low prices of commodities which would prevent profitable business.

The hesitation on the part of the borrower would be removed as the result of increasing price of commodities due to going off the gold basis.

Forced Off Gold

"But an important fact to be borne in mind is that the United States was forced off gold, and did not take the step solely with an eye to political advantage. The sportsmanlike and statesmanlike attitude of Premier MacDonald of England recognizes this fact."

(Tomorrow's interview with Hammond will deal with the probable effects of inflation.)

Firemen's Fund To Be Paid Over

About \$17,000 To Be Distributed To Two Organizations From Fund

Approximately \$16,833, now deposited by the city treasurer in local banks, will be paid soon to the Paid Firemen's Beneficial association and the New Castle Firemen's Relief association. Both organizations are engaged in fire fighting service here.

The money was received from the state out of the two per cent tax on foreign fire insurance companies do-

Good Program at Masonic Party

Entertainment For Family Party Friday Evening Will Include Play

EXPECT BIG CROWD AT MONTHLY EVENT

Friday evening is expected to be a gala occasion with local Masons and their families, when the monthly party will be held under the auspices of the Consistory Dinner club. There will be no dinner in connection with the party, but starting at 8 o'clock, a varied program will be presented. The principal part of the program will include the presentation of a one-act play entitled, "The Pretenders," written and directed by Miss Josephine Abbott, a Lawrence county girl, graduate of Union high school, and now a student at Grove City College. The cast will be made up of members of the college dramatic class.

The cast in their order of appearance, is as follows: Sally Harrington—Mary Lou Dawson

Mrs. Harrington, society matron, and mother of Sally—Carol McClure Juanita Harrington, younger daughter—Grace Brown

Gerald Mohler, a composer—William Proctor

Gaston, the butler—Fermann Walter

William J. Moffatt, general chairman of the Consistory Dinner club committee, assisted by Commander in Chief, Walter S. Reynolds; and secretary and treasurer, Albert B. Street, have appointed the following committee chairmen for the evening:

Admission, Fred C. Wolford; program, Otis G. Gilmore; of Grove City; Cards, Mrs. Martha Erwin; Kiddies party, Miss Martha Bigley; Bingo and other games, Howard O. Erwin; cloak room, Ralph S. Reed; Jig Saw puzzles, A. Wayne Orr.

These chairmen and their committees will keep things going during the evening, while dancing will be in full swing in the ball room.

Invitations have been mailed to the 7,000 members of the Consistory throughout Western Pennsylvania, and an immense throng is expected to attend, a nominal admission fee being charged which covers the family of the members. Blue Lodge members are invited to attend, in addition to the Consistory members, along with their lady friends, if single; or bona fide house guests from out of town.

Teachers Salary Slash Approved

Both Branches Of Legislature Adopt Conference Report For Ten Per Cent Cut

FURTHER CUTTING CLAUSE INSERTED

(International News Service) HARRISBURG, April 25.—Salary cuts of not less than 10 per cent for Pennsylvania school teachers were virtually assured today.

Both legislative branches last night adopted the conference report on the Wilson bill and Gov. Gifford Pinchot is expected to approve it. The measure provides that in school districts where the 10 per cent cut will not balance the budget salaries may be further slashed if the superintendent of public instruction approves.

However, salaries of other school employees must be reduced before the teachers' compensation may be cut.

Banking Bills Are Considered

State Legislators Evidently Take Pinchot Serious On Payless Session Threat

THREE CODES GET ATTENTION

(International News Service) HARRISBURG, April 25.—The General Assembly apparently took heed today of Gov. Gifford Pinchot's threat of a "payless special session" unless proper banking legislation is adopted. Legislators advanced three codes toward enactment.

The house gave its approval to the building and loan code which previously was passed by the senate. The Sordani banking code received a unanimous vote on final passage in the senate. It would give the state banking department no control over private banks or affiliates but may be amended in the house. The senate also passed on first reading the state banking department code.

THE MASTERPIECE OF TIRE CONSTRUCTION

RACE DRIVERS know tires. It is their business to know tires—it means life or death to them. These men know that a tire that holds all world's records on road and track must be a masterpiece of tire construction. They know it must have superior materials, must be scientifically designed, and must be made by master tire builders. That is why Firestone High Speed Tires are First Choice of race drivers and have been on the winning cars for 13 consecutive years in the 500-mile Indianapolis race—the most gruelling test for any tire.

Road speeds of today are the racing speeds of yesterday. Yet millions of motorists gamble with their lives by using inferior and thin, worn tires on their cars. Guard the safety of yourself and your family with the strongest, safest non-skid tires—made by master tire builders. Have your car completely equipped with a set of these Extra Value tires with the patented construction features of Gum-Dipping and Two Extra Gum-Dipped Cord Plies Under the Tread, at prices you may never be able to duplicate. Your dealer will give you a liberal allowance for your old tires. Remember—Your Brakes Can Stop Your Wheels But Your Tires Must Stop Your Car!

INCREASED TIRE MILEAGE with the **New Firestone SEALTYE Leakproof TUBE**

The inside of the tube is coated with a special compound which seals against air loss. Constant air pressure is maintained, which increases tire mileage and safety. The tube has a tapered rubber valve which seals the rim valve hole, keeping out moisture and dirt. The rubber valve base is an integral part of the valve stem, built and vulcanized into the tube.

MOTORISTS! Save money NOW! Firestone quality is higher than ever—prices are lower than ever. These tire "war" prices cannot last—equip your car at once and get these great values before prices go up!

There is no reduction in the quality of Firestone Tires. Tremendous savings are made possible by the fact that Firestone owns and controls every step in the building of Firestone Tires and distributes direct to dealers from factories and warehouses—a one-profit, low-expense system.

GREATEST TIRE VALUES EVER OFFERED

HERE ARE the lines of tires—each with the name "Firestone" branded on the sidewall—that excel in quality, yet are priced as low as other standard brands or special brand tires made without the manufacturer's name and guarantee and offered for sale by department stores, oil companies and mail-order catalog houses.

Young Bandits Get Life Terms At Pittsburgh

Pittsburgh Judge Sentences
"Jig-Saw" Puzzle Band-
its To Life Imprison-
ment

KILLED DRUGGIST IN HOLDUP ACT

(International News Service)
PITTSBURGH, April 25.—Judge Harry H. Rowand Monday sentenced two schoolboy bandits to life imprisonment in Western Penitentiary for their participation in the "jig-saw puzzle" holdup in which Charles F. Huber, 65-year-old druggist, was fatally shot.

The youths sentenced were Abe Liebman, 18, high school student, and John Suzensky, 19, grade school pupil. Mothers of both Pittsburgh youths were in the courtroom when sentence was pronounced.

Both earlier in the day had entered pleas of guilty to charges of murder and robbery.

"I am sorry to have to sentence you boys to life as your teachers testified you gave bright promise in school," Judge Rowand said.

"However I am glad for the act of 1925 which permitted your lives to be spared."

Decline In Auto Registrations In State Is Slight

Number Is Smaller In Pennsylvania Than In Most Of Other States

By ARTHUR C. WIMER
Special Washington Correspondent
New Castle News

WASHINGTON, D. C., April 25.—The percentage decline in registrations of automobiles last year was smaller in Pennsylvania than in all but ten of the forty-eight states, the Bureau of Public Roads reported today.

Motor vehicles registered in the Keystone State in 1932 numbered 1,664,021. This was a decline of 4.5 per cent as compared with 1930. In the country as a whole, registrations of such vehicles fell off 6.6 per cent.

The percentage decline was smaller in only ten states than in Pennsylvania. Only one state reported an increase—Washington state, where the number of automobiles registered increased six per cent in number. Arkansas had the largest decline—24.5 per cent.

Registrations fell off 7.1 per cent in Ohio, 10 per cent in West Virginia, 2.4 per cent in New York, 4.3 per cent in Delaware, and 1.3 per cent in Maryland.

Reserve Officer Called For Duty In Forest Work

Second Lieutenant D. E. Dennis
Is First Officer Called From
Lawrence County

Second Lieutenant Donald E. Dennis of 413 Elizabeth street, attached to the 57th Field Artillery Reserve, received telegraphic orders today from the War Department, through the Third Corps Area headquarters at Baltimore, Md., to report for six months duty with the Civilian Conservation Corps, which will undertake the reforestation plan of President Roosevelt. He has been directed to report to Fort Hoyle, Maryland on Tuesday, April 25 for active duty with the corps. He does not know at present to what sector of the reforestation work he will be assigned.

Second Lieutenant Dennis is the first Lawrence county reserve officer to receive such an assignment, although there are a number, who have made application for duty with the Civilian Corps. He has been very active in the work of the Reserve Officers Corps. He leaves for camp at once.

Gomer Lewis Is Dead In Sharon

Lifelong Friend Of Senator
James J. Davis, Is Called
By Death

(International News Service)
SHARON, Pa., April 25.—Death Monday ended a friendship that lived through many decades between United States Senator James J. Davis and Gomer Lewis.

Lewis, 55½, a friend of the Senator since boyhood, died after a long illness.

It had been the habit of Lewis to greet Senator Davis on every visit since he was appointed as secretary of labor in the Harding administration.

Wednesday evening at eight o'clock the second of the series of conferences for reserve officers of Lawrence county on marksmanship in preparation for duty at the summer reserve camps will be held in the armory on Neshannock avenue. A good turnout of the officers of the county is anticipated.

Ministers Effect County Organization

Churches Will Adopt Daylight
Savings Time With The
First Sunday In May

The regular weekly meeting of the New Castle Ministerial Association was held Monday morning in the First Presbyterian church, with Dr. W. E. McClure presiding.

The association met with various temperance organizations of Lawrence County and was addressed by Dr. William A. Parsons of Pulaski, who gave a report of the Pennsylvania state meeting at Harrisburg, relative to the retention of the eighteenth amendment.

Dr. J. R. Neal, Rev. William Byers and Dr. Hart of New Wilmington also gave brief reports, and as a result a temporary organization was effected to set up the permanent organization in the county. The committee consists of Dr. C. B. Winger, E. C. Hulbert, Mrs. D. P. Ralph and Paul Weller, New Castle; Harry Brown, Ellwood City; Dr. J. R. Neal, New Wilmington; Dr. William Parsons, Miss Margaret Walker and James Peebles, Lawrence County.

A resolution of sympathy to Dr. E. A. Crooks in the death of Mrs. Crooks was extended by the association.

Attention was called to the fact that the churches will operate on standard time Sunday, April 30, and beginning with May 7 will observe Daylight Time.

Convention Will Be Held In June

Lawrence County Sabbath
Association Will Have
Meeting In Methodist
Church

An invitation has been received from the First Methodist Sabbath School of New Castle, to hold the 95th Convention of the Lawrence County Sabbath School Association, which is to be Thursday, June 8th, in their school, and this invitation has been accepted as this church offers the best facilities for a large choir which will be recruited from the Sabbath Schools of the County.

The state workers for this Convention will be B. A. McGarvey, Field Worker, who is known to many, having been in this city a week previous to the State Convention held here in 1927, and Miss Ione V. Sikes, Director of Children's Division work.

The afternoon session will be in the nature of a Rally of the Women's Adult Classes and a suitable award will be presented to the class with the largest percentage of attendance present.

At the evening session there will be a Rally of the Men's Adult Classes and an award will also be presented to the class having the best percentage of attendance.

Prepare Exams For Rural Pupils

High School Entrance Examinations Will Be Given In
County On Saturday

High school entrance examinations will be given to eighth grade pupils in the rural districts on Saturday, April 29, starting promptly at 9 o'clock.

County Superintendent of Schools John C. Syling stated that the examination would require the greater part of the day to complete so that pupils residing some distance from the buildings in which the examinations are being conducted, should bring their lunch with them.

Work of preparing the questions has been practically completed by Superintendent Syling and Assistant County Superintendent, Clara B. Bock, and will be delivered to the teachers in charge the latter part of the week.

Teachers from different districts than the one in which they have been teaching will be in charge of the examinations in the various buildings throughout the county.

HOW TO RECAPTURE BEAUTY

Good looks are often a matter of good health. Sparkling eyes and a smooth complexion are outward signs of an abundant vitality.

To be charming, conserve your health. Guard against constipation. It so often brings wrinkles, sallow skins, dull eyes, pimples.

Try the pleasant "cereal way" to protect yourself from constipation. Science has proved that Kellogg's All-Bran provides "bulk" to exercise the intestines, and vitamin B to tone the intestinal tract. All-Bran also furnishes iron, which helps build up the blood.

The "bulk" in this delicious cereal is much like that of lettuce. How much safer than abusing your system with pills and drugs—so often habit-forming.

Two tablespoons daily will correct most types of constipation. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Amateur Radio Man Gets Last Word Of Akron

Picks Up Akron Radio Operator
At 12:25 April 4, Sending
Out Crash Message

(International News Service)
WASHINGTON, April 25.—What probably was the last despairing S. O. S. of the airship Akron was laid before the navy court inquiring into the disaster here Monday.

An amateur radio operator at Wildwood, N. J., Arthur H. Hulfish, said he heard the message at 12:25 a. m. April 4—about the time the Akron crashed into the sea.

Hulfish said the message was hardly cohesive enough to make sense as it came in, but said that static had been so intense during the evening that he had experienced difficulty in picking up any radio station. The message came in smoothly enough, except for weather and static conditions beyond the control of an operator, and ended ominously after the words "crashing" or "cracking" came through.

He reconstructed the message the next morning and read it to the court. It follows:

"Two boys guys controls broken—ship had condition—heavy storm strong wind—going up now. Something broken—" (He could not distinguish anything at this point) "700 feet nose up—breaking center run into—" (here the message was broken again and finally came the word) "crashing."

TO MEET WEDNESDAY

Representatives of the Pennsylvania railroad will gather here from scattered points on the Erie & Ash-tabula division for the division's customary monthly safety and freight loss and damage prevention meetings on Wednesday afternoon, April 26.

PONTIAC

The ECONOMY STRAIGHT EIGHT

\$585 AND UP, F. O. B. PONTIAC

... brings qualities
that are NEW to
the low price field

Pontiac has brought entirely new standards of performance and economy to the low price field. Here's a car—a big Straight Eight—that does not even resemble the \$585 car of yesterday!

Pontiac is big, and it rides and drives as only a big, well-balanced car can. The wheel-base is 115 inches, the curb weight (4-door Sedan) is 3265 pounds. New bodies by Fisher are roomier, more luxurious; seats are wider and deeper and more comfortable. New Fisher No Draft Ventilation, individually controlled, makes summer driving cool and pleasant.

Pontiac's modern Straight Eight incorporates the latest development in engine mounting—the five-point rubber cushioning that removes every trace of vibration! 77 horsepower; 78 real miles an hour. Yet Pontiac's modern Straight Eight engine is so efficient that it costs no more to operate than many smaller cars.

Come in for a demonstration. Then you'll agree that Pontiac is the outstanding car in the low price field.

FIRST RECRUITS ARRIVING IN STATE FORESTS

Forest Workers Ready To Start On Active Duty

First Contingent On Way To Camp Near Kane; Will Fight Forest Fires

ARE ENTHUSED OVER NEW JOBS

(International News Service)
FROST, Pa., April 25.—A special train carrying 225 Pittsburgh members of the Civilian Conservation Corps, and other units from nearby localities, was scheduled to arrive here today as the men begin their first actual reforestation work.

Browned by sun and wind the contingent pulled into Pittsburgh via the Baltimore and Ohio railroad last night on the first lap of their trip from Fort Monroe, Va.

Their hair cut in "convict" style, they hung from car windows and shouted greetings to people in the street.

Typical of comments by the youths was:

"Boy, it's Okey-Doke. This is a swell job."

One reporter, still nursing memories of a hard-boiled top-sergeant in the "big show," shouted the question:

"And how about your officers?"
"They treat us great," was the reply. "We have plenty to eat and not too much work."

To Fight Fires

KANE, Pa., April 25.—Actual forest-fire fighting, instead of prevention, will be the first duty of the Civilian Conservation Corps if the present situation continues.

Mrs. Corbin Says She Never Tried To Lure Caldwell

Claims That She Insisted He Go Back To Wife For Children's Sake

RELATIONS WITH HIM WERE PROPER

Declaring that she never attempted to lure or entice Harold Caldwell to leave his wife, Mrs. Anna E. Corbin, went upon the witness stand at county court this morning in the \$20,000 alienation suit brought by Mrs. Mary A. Caldwell, and gave her version of the case.

Mrs. Corbin, dressed in a neat black suit, appeared to be under a high nervous strain as she told her story. Several times she almost broke into tears, as she detailed her relation with Mr. Caldwell.

She said that she had known Caldwell ever since she was 14 years of age. She had also known Mrs. Caldwell, whose maiden name was Drake, since she was about ten years of age. She knew of their marriage in 1917, but had seen little of them afterwards, but had occasionally run across Caldwell when he was motorman on a street car.

Mrs. Corbin said that she had formerly lived in this city but after her marriage she and her husband had moved to Union township, where they had lived for about seven years. They were living in Union township when Mr. Corbin was killed in an accident.

In January, 1932, she said that Caldwell had called at her home coming in a car. He had chatted with her a short time and then left. Later he came back on an average of two or three times a week. It was during one of these visits that he first told her that he was not getting along well with his wife, and was thinking of leaving her, the witness said.

Mrs. Corbin said that she urged him to remain with his wife for the children's sake. Subsequently he

discussed his domestic troubles, but she had always insisted that he remain with his wife on account of the children.

During his visits to the Corbin home, Caldwell would take Mrs. Corbin and her two children out for a ride in his automobile. On one occasion they went to Youngstown. They would generally return early in the evening. Caldwell would remain until 10 or 11 o'clock and then leave. Mrs. Corbin said that she did not try in any way to influence Caldwell to leave his wife, but that, on the other hand, she had always told him to stick with her.

On March 26, Mrs. Corbin said that she had learned that Caldwell had separated from his wife. He told her then that he had no affection for his wife and had not for years. "I did all in my power to get him to go back to her, but it was impossible," declared Mrs. Corbin.

"Mr. Caldwell afterwards lost his car and I permitted him to drive mine sometimes. I was too nervous to drive and had others drive the car besides Mr. Caldwell. Two neighbor boys, Dick Wallace and Robert Stockman, sometimes drove the car for me.

Last June Caldwell came to live at my home. I gave him a room and boarded him. The understanding was that he was to pay what he could and I was to give him work about the place. He cut down some poplar trees, repaired the chicken coop and garage, built a fence and did other work. He would also take me and the children out in the car. Sometimes we would just go for a drive. On other occasions he would take us to church or a picture show. When evangelistic services were held at the Tabernacle, he took us there."

Asked what were the relations between her and Caldwell, Mrs. Corbin said that they were perfectly proper on all occasions, that she had never committed a wrongful act.

"I never tried to snare or entice him from his wife," Mrs. Corbin declared, "but on the contrary, tried to get him to remain with her."

Mrs. Corbin was put through a rigid cross examination but held closely to her original story. Mrs. Corbin's two children were called as witnesses and told of Caldwell's taking them out in the car with their mother, and of their forming a part of the family circle.

"The case is still on trial.

She—When we go anywhere now we have to ride in a street car. Before we were married you took me everywhere in a taxi.

He—Yes, that's the reason why we have to take a street car now.

Council Told 'Relief' Worker Can Sign Release For Probable Injury

WHITE TO ASK ATTORNEY-GENERAL

Director of buildings and grounds Louis Genkinger today authorized City Solicitor Robert White to communicate immediately with the attorney-general's office, at Harrisburg relative to the prospective stoppage of relief work in New Castle next Monday.

Report was made to Genkinger this morning that recently one of the state attorney-general's had opined that a relief worker could release the city from liability in case he was hurt while engaged in relief work on a city project.

To determine the authenticity of the report, Councilman Genkinger requested the solicitor to immediately communicate with the attorney-general's office. If such a report proves true it is likely the city would continue providing work, in which food would be given as pay.

INJURES BACK

Morgan Forbes, South street, a relief worker, sustained a sprained back yesterday, according to a report to the city solicitor's office. He was carrying a pail of water, slipped and wrenched his back, the report states.

Campbell High To Test Locals

Campbell Memorial Hi Has Only Lost Two Games In Two Years

Coach Bridenbaugh Putting Finishing Touches On Team This Week

New Castle high school football team faces a tough assignment Thursday night of this week when they tackle Campbell Memorial high in a night spring grid game. The scene of the game will be Targart field. The starting time of the game will be 8:15 o'clock according to Faculty Manager Ralph H. Gardner.

Campbell high with Dick Barrett, former Duquesne University star directing, will bring a team to New Castle that has lost but two games in two years time. The Campbell boys have played the best high schools in Eastern Ohio and Western Pennsylvania. South high licked them 7 to 0 last year and Erie East beat them the year previous 7 to 0. Campbell high has a veteran team this year, as only three of the varsity regulars graduated.

The New Castle fans will get a chance to see the famous Knute Rockne shift used by a high school squad, as Barrett has been drilling the team on the double wing back and shifting line. Will the New Castle team be able to fathom this style of play?

Final Polishing

Coach Phil Bridenbaugh is giving the New Castle team the final polishing this week. Only three more days until game time. What is your guess on the starting lineup? Well, even the old "Fox" himself knows the answer to that one. Its a safe bet that the Shelloge boys will be on the line, Captain Komic will lug the ball from the fullbacking spot, and Walter Raskowski is a fixture at one guard, but the doubtful posts are the quarterbacking, halfbacks, guard and end. Coach Bridenbaugh has shifted Fred Shelloge to an end post and the big fellow is playing a whale of a game. It is likely that Big John Paikovich will be the other tackle along with Alex Shelloge, and the way these two boys have been breaking up plays, it looks like a bad evening for Campbell.

We'll not appendage the 1933 team the "Red Hurricane" until the boys have proven their mettle. Coach Bridenbaugh prefers to let the great 1932 record stand as is, and if this year's team shows any possibilities it will be time enough to apply the "Red Hurricane".

Prices Lowered

The boys have had a lot of conditioning this spring, but they face something pretty stiff, and if they take Campbell high they will be doing something that some of the best high school teams in this section of the county, have been unable to do. The tickets have been selling fast and should the weatherman look with favor on this spring venture, the stands will not doubt be jammed. The prices have been lowered for 1,500 seats on the west side bleachers. These should fill up quickly.

Many Golfers At Field Club Course

With Fair Weather Conditions, A Record Number Will Be Present This Week

Weather conditions were such on last Saturday, that a record number of golf enthusiasts, considering the time of year, were at the golf course of the New Castle Field Club and enjoyed the fine condition of the course.

With continued dry weather conditions the balance of this week, there is every indication that a large crowd of golfers will be at the course on next Saturday and Sunday.

The course is drying out in fine shape and the greens are said to be in the finest condition of many years. Captain V. Arthur Smith, the professional predicts a very successful season.

Ball Players Showing Fight

Several Players Threaten Fisticuffs On Field This Year

(International News Service)
NEW YORK, April 25—Scrappy days are here again in the big leagues.

In line with the plea of President Heydler and Harbridge for more aggressiveness on the diamond, feuds are flaring in both circuits. Spikes were flying high, wide and handsome when the Yankees and Senators clashed at Washington yesterday. Heinie Manush threw cold steel at Frank Crosetti. Babe Ruth went into Joe Cronine like a runaway freight train. Ben Chapman bowled over Buddy Myer and Manush took a flying leap at Lou Gehrig when there was no necessity for a slide.

In the national league, Rogers Hornsby of the Cardinals is threatening to whip half the Chicago team and Dick Bartell of the Phillies, roused Joe Judge of the Dodgers, punched up Lefty O'Doul of the same club and bowled over Bill Terry of the Giants for a short count.

If hostilities continue, they'll have the boys wearing a fielders' glove on one hand and a boxing glove on the other.

East New Castle Team Organizes For 1933 Season

Kenneth Lutz Elected As Manager Of Team, Will Use Shenango Field

The East New Castle baseball team will be on the field this summer with a bigger and better team, according to Kenneth Lutz, newly elected manager of the East New Castle Merchants. The team has started to practice and will soon open their season. Chester Waddington has been elected as business manager of the team, and Tom Shaffer has been named treasurer.

The following players have joined the team—Carnuche, Bludorn, Waddington, Gwin, Davis, Donley, Maxwell, Picht, R. Shuts, L. Shuts, Phillips, Shaffie, Henry, Cassidy, Fredericks, Weir, Shaffer, Collins and Lutz. The team will hold their initial workout tonight at 5 o'clock at the Shenango High field, and will also practice Thursday and Saturday of this week. It is important that all those named above attend the practice tonight. For games with the East New Castle Merchants call 9180 and ask for Chester Waddington.

Los Angeles was originally named in Spanish "The Town of Our Lady the Queen of the Angels."

Nickum Breaks His Collarbone

Blond Halfback On New Castle High Football Team Injured In Scrimmage

Nickum Had Cinched Varsity Berth And Was Clever Passer

Charles "Whitney" Nickum, blond halfback of the New Castle High School football team will be out of the two spring football games as the result of a broken right collar bone in scrimmage at Targart Field Monday afternoon.

New Castle will miss Nickum the boy who made the backfield in his first year and who was fast developing into a most capable ball lugger. Nickum was being counted upon this year to do the bulk of the passing and to carry on where Johnny Uram left off. Nickum is a speed merchant. His injury will cause Coach Bridenbaugh to shift his plans in the backfield.

Immediate Attention

The break was a clean one. It occurred about 5:30 o'clock in a scrimmage workout. Nickum was carrying the ball at the time of his injury and was tackled by one of the players on the opposing team in such a manner that he twisted his shoulder and hit the ground unusually hard.

The team physician happened to be at the field watching the scrimmage. He gave Nickum immediate attention and reduced the fracture. Nickum was taken to his home, 1006 North Ashland avenue, the Seventh Ward.

Is Resting Easily

Nickum is reported as resting as easy as can be expected. The halfback will be fit for play in the fall according to the doctor, with five months for the fracture bone to knit into place.

Coming but three days before New Castle is to play Campbell Memorial High, Nickum's loss is going to be felt keenly. He had cinched a varsity halfback post by his fine showing in the spring workouts. He was being counted upon to give New Castle the necessary punch for a winning team.

Lost Four Pounds Snyder Breaks Own Record; Feels Fine After Race In Marathon Race

When Alfred Snyder, Jr. started in the Marathon race at Boston he weighed 137. When he finished fifty sixth he tipped the scales at 133. He suffered no ill effects from the long grind because he was in fine physical condition.

Two hundred and fifty three entered the race (which usually is 26 miles 385 yards) but not all of them finished. In fact many of them fell by the wayside. Even some of those who tasted of fame years preceding finished behind Snyder.

The record for the Boston race was broken by two minutes 11-3 seconds by Leslie Pawson of Pawtucket, R. I. Among those Snyder finished ahead of were Paul Bruyn, German Olympic champ, Bill Steiner, 20 mile champ of the U. S. and Percy Weyer of Canada.

Snyder was picked as one of three of the younger plodders to make a good showing. The other two were Sam Heit of New York City and Fred Buren of New Haven. The Hillcrest Avenue plodder finished ahead of Van Buren and Heit.

"I was disappointed in finishing not better than fifty sixth. I gave all that was in me, right up to the finish but the bottle is empty, the bottle is empty, that's all there is to it, but I cut 4 1/2 minutes off my time for the distance. "I could scarcely believe I cut off so much of my time, although the pace was terrific and an 18 mile an hour wind. I never once was out of breath but I was very weak at 13 miles after running up a five mile hill and walked the last half mile over the brow.

"I did not have to but Dicks told me to as I would make up my time going down the hill. I later passed and beat some who told me after the race if they had had walked part of the time they would have finished better.

Weak And Weary
"Many runners fell by the wayside following this hill. My next weak point was at 21 miles. I became so weak and weary I would have quit had it not been for the wonderful encouragement the cheers of the crowd (300,000 saw the race) gave me.

Golf League To Meet Thursday

Teams Will Make Ready For Opening Of Season At Meeting This Week

MANAGERS MUST LIST PLAYERS

Final arrangements for the opening of the New Castle Golf League will be made at a meeting of the team representatives at the Municipal Club House Thursday evening.

Managers of the various teams are requested to submit a complete list of their players at this meeting, so that the roster can be made up. It is hoped to get the league started about the second week in May, and a schedule committee will be named to work out the schedule at this meeting.

With Daylight Savings Time in force Sunday, the league will be able to get away to an early start. This year, and more interest is expected to develop than was the case last season, when a most successful league was operated.

The teams are invited to come out early to the meeting bringing their clubs with them, and to play a few rounds before the business meeting opens.

Union Gridders Get Scrimmage

Coach David M. Boyd Puts Union High Grid Team Thru Light Scrimmage

Union High School football team in spring training, went through a light scrimmage session yesterday afternoon at the Union field under the watchful eye of Coach David M. Boyd.

The results of the scrimmage were good. The boys showed up mightily well. On one of the varsity teams Coach Boyd used Bozar, Monico, Todd and Morrison in the backfield, with Kirker, Schass, Jaskoika, Ritchey, White, Georgacz and Rowbottom on the line. This team was one of the offense all of the time. Several nice gains were made by Monico, Morrison and Todd.

Coach Boyd had been spending a lot of time in the development of punters and so far Bozar and Morrison have shown to the best advantage in the kicking department. Interest is being shown by the youngsters in the spring drills and Coach Boyd will continue with the spring training as long as the interest holds up.

All managers must release all players in excess of 16, May 10 and released players will have until May 15 to sign with other teams.

Savoldi Wins In Wrestling Bout

(International News Service)
NEW YORK, April 25—Jumping Joe Savoldi, of Three Oaks, Mich., threw Nick Lutze, Venice, Cal., a brother alumnus of Notre Dame University, in 33:52 of their wrestling match last night. Boos and cheers were mingled as the new title champion leaped in the air and kicked Lutze in the face with both feet before pinning him with a flying tackle.

Big League Teams Hitting Ball Hard

Jimmy Foxx Gets His Third Homer Of Season In Hitting Orgy

Carl Hubbell Again Pitches Four-Hit Game For New York Giants

By LES CONKLIN
International News Service Sports Writer

NEW YORK, April 25.—Big League pitchers, who had been enjoying a marked edge over hitters, retreated under heavy fire today as sluggers began to paste the horsehide with their old-time gusto.

The epidemic of shutouts and two and three-hit games was halted abruptly as batters adjusted their sights and timed their swings with greater precision. Six of the twelve clubs that swung into action piled up a total of 80 hits and 58 runs, an average of approximately 13 hits and 10 runs per game.

Foxx Hits Homer
Jimmy Foxx, 1932 home run king, showed the way. He blasted his third homer of the season, three doubles and a single as the A's took a 16 to 10 slugfest from the Red Sox. The Mackmen collected 17 hits to 14 for Boston. And when the Red Sox got 14 hits, you can bet the rabbit ball is still in circulation.

The Yankees, who couldn't be stopped last week when they were making only three, four and five hits per game, laced five Washington hurlers for 12 hits. The Senators, however, made better use of the same number of blows off Rookie Don Brennan, MacFayden and Penneck to register their second successive triumph over the champions, 11 to 10. Kubel drove in four runs for the Nats with a homer, triple and single.

The entire Capital is steamed up by the belated drive of the Senators, who advanced to third place.

White Sox Win
Chicago's White Sox advanced to within one game of the Yankees by making it three straight over Cleveland, 5 to 4. The great Wes Ferrell was the victim. Joe Heving saved the game, stopping the Indians in their tracks when Frasier weakened in the ninth.

Detroit also swept its three-game series with the Browns, taking the final 4 to 3. Carl Fischer, making his first start with the Tigers, pitched good ball until the ninth when Big Chief Hogsett was called in to check a St. Louis uprising.

Terry Injured
The slugging Phillies went on a rampage at the expense of the Boston Braves, lacing Betts and Cantwell for 15 hits, but needed 12 innings to win 6 to 5. Catcher Al Todd, a pinch hitter, broke up the game by delivering a single with the bases full. Chuck Klein blasted his first homer of the season, while a circuit clutch by Shanty Hogan in the sixth inning kept the Braves in the game.

Carl Hubbell, New York's new Christy Mathewson, registered his second successive shutout, holding Brooklyn to four hits for an easy triumph, 4 to 0. It was a costly victory for the Giants, however. Bill Terry, their manager and first baseman, suffered a broken bone when hit on the wrist by one of Joe Shaute's fast ones. He will be on the sidelines for three or four weeks. Other clubs did not play.

COMPLETE WALL JOB
The Margate Society members have completed the erection of a retaining wall at one end of their tennis court, corner of Second and Clayton streets. The wall is of stone and is four feet high.

IT'S A HOMER!—Jimmy Foxx, Philadelphia Athletics first baseman, socks a home run in Washington game.

HERE AND THERE IN SPORTS' LAND

Manager Bill Terry of the Giants may have suffered a broken bone in his right arm, just above the wrist, having been struck by a ball pitched to him by Joe Shaute of the Dodgers in the fifth inning at New York yesterday. An X-ray was taken and the report as to whether or not the bone is broken will be known today.

Jimmy Foxx had his hitting clothes on yesterday in the game between the Athletics and Boston Red Sox. The Athletics first baseman poled a home run, three doubles and a single. The Red Sox lost 16 to 10.

New York Giants have announced the purchase of George Uhl, veteran right hand pitcher of the Detroit Tigers. He will report to the Giants today. Uhl has pitched for Detroit for the past four years. Previously he was with the Indians 10 years.

Kellsboro Jack, winner of the Grand National Steeplechase at Aintree, England, last month came cheap to Mrs. F. Ambrose Clark. She bought the horse from her husband for one British pound because her husband believed he would be unlucky with him.

Sam Riddle's chances of winning the Kentucky Derby and the Preakness swung upward today as War Stripes yesterday outstepped a field of three year olds over one and one sixteenth miles at Havre de Grace. War Stripes is a son of Man 'O War.

Rev. J. A. Galbraith, pastor of the Epworth M. E. church, will give his illustrated lecture on The Holy Land at the Croton M. E. church, Friday evening.

The lecture is under the auspices of the Young Men's class and a silver offering will be taken for repairs to their class room.

The pictures which will be shown by Rev. Galbraith were taken by him during a recent visit to the Holy Land. His address is said to be most interesting and educational.

FIREMEN CALLED TO RESCUE ROBIN

WARREN, O., April 25.—Firemen Brennan O'Rourke and Lee O'Brien have a bit of string to remind them of the most unusual rescue in their careers as fire fighters. They were notified that a robin was caught in a tree in Monumental Park. They climbed a ladder and found that the bird, carrying material for a nest, had got a bit of string around its neck and the string caught on a twig. The bird is safe now.

FOUL BALL STRIKES BOY, EYE CLOSED

While playing catch with other small boys near the first base line of a North Hill diamond where a baseball game between older boys was in progress last evening, one of the batters hit a foul ball that struck Jack Fritz, 11, Fairmont avenue on the right eye. The eye is swollen and closed.

County Grange Notes

Big Beaver grange 20th anniversary meeting.

Another red letter event in the history of Big Beaver grange took place in the hall Friday evening, April 21, 1933.

The hall and stage were tastefully decorated for the occasion with festoons of crepe paper in yellow and white, and ferns, blooming plants, and cup flowers. The meeting was called to order by Mrs. B. O. Howell, the present grange lecturer who had charge of the program of entertainment.

J. Dale McHattie, the present master, made the address of welcome and the response was given by Mrs. R. R. McGeorge. Charter members who were present and the past masters, the present chaplain, Rev. W. W. Willis, the Pennsylvania State grange master, J. Audley Boak, and the Lawrence County Pomona Master W. Sharp Fullerton were seated on the stage. Each past master gave a brief reminiscence or history of his administration. They were Joseph C. Brittain, second master, Almatrim Beatty deceased, was the first master. Mr. Brittain gave the principal events which occurred during Mr. Beatty's 3 terms and Mr. Brittain's 2 terms. The other past masters as follows gave the events occurring in his term: R. R. McGeorge, W. T. Jenkins, J. W. Bronson, W. N. Walker, W. H. McCullough, N. P. McHattie, Frank Jenkins, H. A. Leslie, James Beatty, Joseph H. Wilson, and J. D. McHattie the present master.

Readings were given by Miss Helen Schmolly and Dr. J. S. Wells. A musical sketch by Mr. and Mrs. D. F. Kyle.

Pantomime—Gladys Howell, Doris and Hollis Howell, Aubrey Reno, Wayne Duncan and Francis McChesney.

The program was interspersed with music by the grange orchestra, and the following songs were included in the program: "Onward Christian Soldiers," "When You and I Were Young Maggie," "America" and "God Be With You."

Benediction—Rev. A. M. Doak.

A social hour followed and refreshments were served by the cats committee.

GAVEL MEETING

All roads will lead to Big Beaver grange Tuesday evening, May 2 for the final round-up of the Traveling Gavel schedule in Lawrence Co.

The New Bedford grange and the Big Beaver grange each will furnish half of the program.

A large crowd of grangers are expected to attend this meeting.

PEDESTAL MEETING

Several grangers from here expect to attend the Traveling Pedestal meeting at the North Sewickley grange on Friday evening, April 28. The Beaver county grangers are

having a series of these meetings throughout the county and have a pedestal made by boys of the Brighton grange and presented to the grange as the emblem in their travels from one grange to another in the county. The grange winning the most points in contest carried with it, will win the pedestal.

CHURCH-GRANGE FELLOWSHIP SERVICE

The grangers of Lawrence county appreciate the kindness of Dr. C. B. Wingerd, pastor of the Central Presbyterian church for the special invitation given them to attend the evening service at the Central Presbyterian church, New Castle on Sabbath evening, April 23.

J. Audley Boak, master of Pennsylvania State grange was the guest speaker and brought an interesting message to the large audience present.

MASTERS MEETING

The date for the meeting of the masters of the granges of the county at the Farm Bureau office has been changed from April 26 to Wednesday evening, May the third.

New Castle Man Asks For Permit To Haul Freight

(International News Service)

HARRISBURG, April 25.—Joseph McCoy, trading as merchants delivery service, New Castle, applied to the Public Service Commission Monday for a certificate to transport freight and general merchandise on call and demand in Lawrence county and haul furniture within a 100-mile radius of New Castle.

New Barn Burned On Bedford Road

Fire of undetermined origin yesterday destroyed a new barn owned by Joseph Huda on the New Bedford-West Middlesex road. Members of the family were able to save cattle in the barn and a part of the machinery.

TAXPAYERS LEAGUE WILL MEET TONIGHT

A regular weekly meeting of the Taxpayers League will be held this evening at eight o'clock in the regular place of meeting on Neshannock avenue.

Selling Rush Hits Market

Radio Feature Of Trading; Hit New High For Year In Dealings

HUGE SALES IN GENERAL MOTORS

(International News Service)
NEW YORK, April 25.—The stock market boom was halted by a flood of profit-taking today.

A selling rush hit the list at the opening and sent leaders down 1 to 3 points in furious trading. A sharp rally followed but the market was unable to recover all the initial losses and a quiet spell ensued during which the ticker was able to catch up after trailing the first hour.

Commodities followed the pattern of stocks with wheat, silver and other staples down sharply at the opening, then rallying. Bonds ignored the reactionary influence and pointed higher, aided by strength in governments. The dollar was mixed and relatively stable, though showing further small losses.

Radio was a feature of the trading, both the common and preferred B being taken up to new highs for the year in heavy dealings.

Steel common was down more than a point while gas, freshening slumped nearly 3 points. Utilities were heavy and rails lower despite further traffic increases last week.

General Motors was again taken in huge volume and ruled about a point lower.

Tractions improved as the rest of the list weakened while gold, silver and wheat were quiet and firm yesterday's weakness. Silver stocks followed the metal down.

Auto accessory shares were higher despite the reaction in the motors. Merchandising shares were relatively firm. Aviation stocks lost part of yesterday's late run-up.

Turnover was heavy but at a smaller pace than recent sessions.

Date Is Set For Community Chest Drive In Ellwood

Executive Committee Of The Chamber Of Commerce Makes Preliminary Preparations

Drive To Be Held On Week Of May 15; Quota For Year Set At \$19,000

ELLWOOD CITY, April 25.—Ellwood City's annual Community Chest Drive for aid and relief of the city's needy people and local hospital, will be held during the week of May 15 according to an announcement issued by Burgess J. C. Turner, president of the Chamber of Commerce, this morning.

This decision was reached at a meeting of the executive committee of the Chamber last night. In keeping with the custom of former years the president will act as general chairman of the drive. After an intensive discussion this committee set the quota for the drive at \$19,000 which is a reduction of \$4,930 from last year. The budget had been pared to the bone and this quota is the lowest that the Community Service League and the local hospital could possibly function under.

At this time a publicity committee consisting of J. J. McLaughlin, Rev. R. H. Little, and W. F. Kegel was selected by President Turner to help put the campaign across. Other committees will be appointed in the near future.

Council Of Jewish Women Meet Monday

ELLWOOD CITY, April 25.—Council of Jewish Women of Ellwood City held their monthly meeting Monday night at the home of President Mrs. Max Reinhart on Fourth street with Mrs. J. Shensen being associate hostess on the occasion.

After disposing of a few routine matters the organization heard an interesting address by Miss Freda Rader of Alliquippa on "Sex Education for the Children." Later a social hour was enjoyed and refreshments were served.

The May meeting will be held at the Elk's lodge rooms at which time a President's Day program will be given.

Meeting Of History Body Here Tonight

ELLWOOD CITY, April 25.—General chairman, Burgess J. C. Turner has called a meeting of the historical body which is to prepare a history of Ellwood City, for tonight in the First National Bank Building. The meeting is open to all those interested in this event. Helpful suggestions and advice will be gladly accepted by the organization. It is hoped that a name will be selected for it at this meeting.

MARTIN CLASS

ELLWOOD CITY, April 25.—Mrs. T. W. Jones was hostess to the members of the C. A. Martin Bible Class of the First Presbyterian church last night at her home on Fourth street. Mrs. C. D. Kennedy was associate hostess on the occasion. Following a business meeting at which the president presided, a luncheon was served by the hostess.

The next meeting will be held on the fourth Monday in May.

ALLISON CLASS

ELLWOOD CITY, April 25.—The Allison Memorial Bible Class of the Bell Memorial church held its regular meeting last night at the home of William McLaughlin on the New Castle road with 25 present at the time. A business session was conducted by President Frank Cole. A luncheon was served later by a committee. The class will meet again on the last week in May.

MISSION ACTIVITIES

ELLWOOD CITY, April 25.—The praise and prayer meeting announced for tonight at the Alliance Mission will be held at the Sons of Columbus Hall instead. The Arkansas Travelers will be present to sing several numbers.

The regular Bible study will also be held in the hall on Thursday night.

HOSPITAL NOTES

ELLWOOD CITY, April 25.—Discharged Monday: Earnest Locke of the Wampum road.

Admitted: Edward O'Hara Jr. of Franklin avenue and Mrs. Jean Jeannette of 13th street.

EXECUTIVE MEETING
ELLWOOD CITY, April 25.—The members of the Young People's Christian Union of the Wurttemberg U. P. church will hold an executive meeting this evening at the home of Miss Frances McElwain at Ellport.

ACT BOISTEROUSLY
Four young men were acting in a loud and boisterous manner at East 20th and North streets last night, as the officer on the beat approached them seeking to advise them to keep quiet. They ran and the officer gave chase and rounded them up. They were discharged this morning by the mayor after being advised to refrain from a repetition of this performance in the future.

Shelby Swimming Season To Start

Directors Revise Schedule; Swimming To Be Held On Sunday Here

ELLWOOD CITY, April 25.—With the weather rapidly warming up the Shelby Board of Directors went into conference and made some interesting plans for their annual swimming season which opens today with a new schedule and rules, for the Shelby indoor pool.

The board after some discussion decided to permit mixed swimming at all times except Monday and Thursday which is reserved for men and ladies respectively. The swimming pool will also be open to the public on Sundays. This arrangement was prompted by many requests to the directors.

This of course means that parents may enter the pool with their children and friends. Heretofore the different days of the week had been reserved for men, women, or children. By the new plan all will be permitted to swim at the same time with the exception of the two above dates.

Tax Justice League Formed

ELLWOOD CITY, April 25.—Much interest was manifested at the initial meeting of the tax justice league of the east and west precincts of Franklin township, which was organized in the North Star school house last night with a representative group of tax payers attending.

Prof. R. A. Nagel of New Galilee served as temporary chairman. An election of officers resulted as follows: President, John Nevins; vice presidents, Mr. Pflugh, Edward Boots and O. K. Nye; secretary, Russell Wright and treasurer Henry Druschel.

Joseph Shields, Mr. Thomas and Frank B. Hart, officers of the New Brighton league, spoke on the object of the different leagues being formed in the county with a view of reducing the valuation and millage of the various taxes.

It was decided to meet the second and fourth Mondays of each month at the same place. The next meeting will be held on Monday May 8, at 8 o'clock.

Betty Co-Ed Club Assembles Monday

ELLWOOD CITY, April 25.—Miss Madge Yeoman's was a charming hostess to the members of the Betty Co-Ed Club last evening at her home on the New Brighton road with all members present.

The evening was thoroughly enjoyed around two tables of bridge. The high score award at the conclusion of the games went to Miss Fern Belles and Miss Audriene Schiedemann. An added feature was the serving of a delicious luncheon later in the evening by the hostess and her sister, Barbara, amidst lovely floral appointments.

The club will meet again in two weeks at a place to be announced later.

Mrs. D. A. Evans Hostess To Club

ELLWOOD CITY, April 25.—Dispersing delightful hospitality Mrs. D. A. Evans received the members of the Monday Evening Bridge Club at her home on Crescent avenue last night with all members present at the time.

The hours were whittled away around three tables of bridge at the conclusion of which it was found that Mrs. J. W. Humphrey was the holder of the high score.

Mrs. Humphrey invited the club to meet again in two weeks at her home on Spring avenue.

Foremen's Club Meets On Monday

General Supt. J. W. Offutt In Charge Of Program At Monthly Affair

ELLWOOD CITY, April 25.—Foremen's Club of the National Tube Company of this city held their monthly meeting in the Shelby auditorium last night.

A short business meeting was conducted by President J. E. McDanel. After hearing a letter read by the Western Reserve Association of Foremen Conference to be held in Youngstown on May 13, by Secretary George Wilson and a talk by President McDanel the club voted to abandon their May meeting and instead attend this conference in a body. The conference will feature well known leaders of Pennsylvania and Ohio. It was announced that the club's annual election of officers would be held by mail and that these persons would be in charge of the next meeting which would be held sometime in June.

The evening's program was in charge of General Supt. J. W. Offutt. It was a discussion on "Development and Application of Seamless Tubing." This included the founding and history of the local plant. Mr. Offutt was assisted by J. E. Powell, superintendent of the Hot Mills; H. E. McClymonds, superintendent of the Finishing Department; George C. Nicklas, superintendent of the Cold Draw; Charles Morrow, superintendent of the Inspection Department; and W. H. Braley, Field Representative of the National Tube Company. Each of these men took a particular part of the subject and enlarged on it.

Later an interesting and humorous program of music and magic was provided by Gene Medsker and Joe Gettig, assisted by Billy and Betty Gettig. Orchestra music was given by the Ellwood Mandolin Club composed of William Cowan, Howard E. Blank, Jerry Pacelle, John Snare, Franz Kirk and J. P. Downs.

The next meeting of the club will be held sometime in June.

Meeting Is Held By Rebekah Lodge

ELLWOOD CITY, April 25.—A full attendance featured the regular meeting of the Rebekah Lodge last night in the First National Bank Building.

Following a short business meeting in which routine matters were transacted an enjoyable card party, with 500, bridge, and bingo being played. At the close of the games a number of beautiful prizes were awarded to high score holders.

At a later hour in the evening a committee served a delightful luncheon.

The lodge plans to hold another meeting on the second Monday in May at which time new members will be received.

Club Meets With Mrs. Lafe Faurie

ELLWOOD CITY, April 25.—Members of the Octette Bridge club assembled at the home of Mrs. Lafe Faurie on Second street last night for their semi-monthly meeting.

Two tables of contract bridge were in play throughout the evening with the high score award at the close going to Mrs. Jay Buquo.

At an appointed hour the hostess with the aid of Mrs. Buquo served a dainty luncheon as a closing event of the meeting. Miss Irene Ross will entertain the club in two weeks at her home on Glenn avenue.

Nation's Industrial Magnates Gather For Discussion Of Trade

Potential Jobs For 1,000,000 American Men Are Hanging In Balance.

Concentrated Effort To Again Open Harbors Of World To Merchant Marines

By G. EVERETT DOYING,

International News Service Staff Correspondent

PITTSBURGH, April 25.—With potential jobs for 1,000,000 American workmen hanging in the balance, and with the industrial eyes of the world focussed on the sessions, the nation's industrial magnates were gathering here today for the 20th annual national foreign trade convention which opens tomorrow.

Leaders proclaim the meeting probably the most important in the history of the convention. With foreign trade stymied because of international monetary and economic problems, early arriving delegates see in the convention sessions a concerted effort to again open the world's harbors to heavily-laden merchant marine ships.

Official Spokesmen

Not only will representatives of the largest foreign-trading American firms be on hand to thresh out the task of reviving world trade, but also there will be official government spokesmen from Washington and foreign powers.

Gardner L. Harding, secretary of the convention, pronounced the purpose of the gathering when he said that during the three-day meeting may depend jobs for 1,000,000 Americans.

This call to action will be answered, in part at least, by the three principal speakers of the convention. The speakers and the topics they will discuss are James A. Farrell, former president of United States Steel corporation, "the world trade outlook"; Fred I. Kent, comptroller of exchange of the Federal Reserve board, "the origin and background of the present problem"; and United States Senator David A. Reed, "inter-governmental debts".

Open Sessions

Open forum sessions and round table discussions will occupy the afternoon of the delegates during the afternoon meetings, at which the topic of the morning meeting will be picked apart and analyzed for remedial action.

More than 1,000 delegates are expected to attend the convention, coming here from 25 states of the union.

Two Automobiles Reported Stolen

Two automobiles reported stolen here last night, were still missing today.

The Essex roadster of Henry Gorst of R. D. No. 2, Harbor street, bearing Pennsylvania 91R25 was taken between 9 and 11 p. m. from in front of the State Theatre on Long avenue.

Ford coupe, Pennsylvania license 92190 belonging to Robert Payne of 407 Blaine street, was stolen during the night from the garage at that address.

EVEN JUDGES FALL FOR PANHANDLERS

HARRISBURG, April 25.—A panhandler bold enough to work his game in the ranks of the judiciary is a much wanted man.

Judge Frank B. Wickersham yielded \$5 to a youth who pleaded with tears in his eyes that his father, a man the judge knew well, had been killed. The same man cried for Judge John E. Fox and got \$3.

The Dauphin county jurists compared notes later, did some checking, and found the man they had helped was a fraud.

SAYS MOIST AIR IS MOST HEALTHFUL

(International News Service) PHILADELPHIA, April 25.—Believe it or not—it is the heat and not the humidity after all.

Dr. Ellsworth Huntington, research associate in geography on Yale University, is the authority for the foregoing statement. He asserted that wet weather and moist air are more healthful than the reverse.

After studying the world's climates with relation to civilization for more than 20 years, Dr. Huntington has discovered the ideal climate had a summer average of 63 degrees, a winter average of 38 degrees, plenty of rain in all seasons and a succession of storms all year.

LIKE SCRIP SO WELL THEY STILL HOLD IT

(International News Service) HARRISBURG, April 25.—Despite repeated requests by the Clearing House Association for return of the recent scrip issuance, there is still outstanding \$2600 worth of the

certificates which served as money immediately after the national bank holiday was declared. Clearing house officials expressed doubt as to whether the remainder of the issue would be returned inasmuch as \$244 of a similar issue in 1907 is still on the "outside," presumably in the hands of souvenir hunters and collectors.

Speaking of relief did anybody ever move a stalled wagon by pumping food into a dead horse?

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

There was goings on in New Wilmington last night. Weird goings on. Weird cries smote the stilly night right between the nose, startled young men were seen rushing hither and yon and a stranger might have had a doubt, maybe a couple of doubts about the mental condition of the Y. M.

It was nothing to run a temperature over. Merely one of the fraternities binding their new brothers to the band with thongs of humor and horse play. And this explains some of the antics that have puzzled peaceful farmers of the countryside for the past few days. And nights.

One lad was sent to Pulaski the other A. M., to find the pump on the fair grounds and there get his instructions for further travel. He didn't even know where Pulaski was and two miles from New Wilmington he began rousing farmers from their beds (at 3 a. m.) to find the way.

After rousing most of them between New Wilmington and Pulaski he finally found the fair grounds but could locate no pump. He's now a member of the ancient and honorable fraternity with the pass word, the grip, the sign of distress, the hailing sign and the answers to all the questions. And probably a lot of aches where aches shouldn't be.

It does begin to look as though the Adams street lake would soon be a thing of the past. For years there has been a lot of surveys, investigations and conjectures made on how it could be eliminated. The answer seems to be in raising the tracks to let the water run to the curb. And that's what they're doing.

The folks in that district are going to miss that lake, just like you would miss a wart. It has ruined more silk hose, dispositions and ice cream pants than any other one thing in the city.

All this flurry about taking water from the Pymatuning Dam for the Mahoning River seems to be a temper in a teapot. Water still doesn't run up hill, and that's what it would have to do to get across the water shed. The level in the Mahoning River valley is nearly 100 feet higher than the level of the Shenango. It addition there are hills intervening which would have to be tunneled and there seems to be little reason to think that the plan could be worked out with any degree of success.

MOTHER AND CHILD BURIED TOGETHER

(International News Service) LOCK HAVEN, Pa., April 25.—Mrs. Lewis Stover, 65, and her only daughter, Mrs. Martin Stover, 41, both of Coburn, Centre county, died within a few hours of each other and were both buried at a double funeral.

Although bearing the same name, their husbands were unrelated.
